

Side Style One Arm Walker

The DME Care Solutions Side Style One Arm Walker is a lightweight, height-adjustable mobility aid designed for individuals who require support on one side of the body. Its sturdy aluminum frame and ergonomic handgrip provide reliable balance and comfort, allowing for easy, one-handed use.

- Lightweight, sturdy 1-inch aluminum frame
- Helps provide one-sided stability for users with limited strength in one arm or hand
- Tool-free height adjustment for customized fit
- Contoured handgrip offers added user comfort
- Limited Lifetime Warranty
