

M-PACT[®] 0.5MM

HIGH DEXTERITY TACTICAL GLOVES

Precision and protection meet in the palm of your hand with the M-Pact 0.5mm tactical gloves. High-dexterity 0.5mm AX-Suede™ and our new TPR impact knuckle protection are designed for EN 388-rated impact protection without sacrificing tactile control. Water-repellent and abrasion-resistant ripstop material lines the back of the hand, reducing potential snagging while in the field. A removable trigger-finger seam eliminates material fraying, delivering ultimate dexterity with every trigger pull.

FEATURES

- 1 New knuckle and finger Thermoplastic Rubber (TPR) design for improves flexibility and dexterity without compromising protection.
- 2 0.5mm AX-Suede™ delivers precision feel and touchscreen capability.
- 3 Welded TPR knuckle design integrates a Lock Ring™ pattern around the thumb increasing durability in a high wear area and without the need for vulnerable stitching.
- 4 Water repellent and abrasion resistant Ripstop material lines the back of the hand reducing potential snagging while working in confined spaces.
- 5 Removable trigger finger seams eliminate material fray.
- 6 Extended hook and loop wrist closure design provides a secure fit.
- 7 Nylon carrier loops for storage.
