

FACE MASKS AND SHIELDS

- Disposable masks designed for effective protection against airborne particulates
- Constructed from comfortable, lightweight materials
- Flexible nose piece provides adjustable closure for greater security
- Free of fiberglass, natural rubber latex, and DEHP

PROCEDURAL, SURGICAL, & ISOLATION MASKS

- Bacterial Filtration Efficiency (BFE) $\geq 98\%$
- 2201, 2202, 2204, 2208: **Procedure and Isolation Masks** with elastic ear loops for easy donning and removal
- 2205-2206: **Surgical Face Masks** with tie closures for a secure, customized fit
- 2202, 2206: Designed with clear plastic wrap-around face shield for added protection

FACE MASKS

- 2203: **Molded Face Mask** with splash-repellant barrier, flared edges, and elastic head strap
- 2204: **Paper Face Mask** made from high-quality, flexible paper

2209 - FULL LENGTH FACE SHIELD

- Protects against non-hazardous fluids and particulates
- Wrap-around design provides unobstructed peripheral view
- Fits easily over prescription glasses or protective eyewear
- Elastic headband is lined with comfortable foam

2295-2296 - N95 PARTICULATE RESPIRATOR MASKS

- Bacterial Filter Efficiency (BFE) $> 99\%$
- Meets CDC guidelines and is NIOSH Approved
