

Yakedo™ replicates the sophisticated aesthetic of burnt cedar in a durable glazed porcelain plank tile. Based on the Shou Sugi Ban technique, or slight burning before installation, the worn textures create a certain dimension and strength. The way in which it reflects light from its crackled texture brings sophisticated movement and visual intrigue to interiors.

Product and Installation Details | ANSI A108.02
 Section 4.3.8.2 - For running bond/brick jointing patterns utilizing tiles (square or rectangular) where the side being offset is greater than 18" (nominal dimension), the running bond offset will be a maximum of 33% unless otherwise specified by the tile manufacturer. If an offset greater than 33% is specified, specifier and owner must approve mock-up and lippage.

*Note: The test results shown are general in nature and intended for reference purposes only. Performance results may vary by specific SKU, size, finish, or application. For accurate and product-specific information, the applicable technical data sheet should be requested and reviewed prior to specification or installation. For more information visit www.emser.com. Always consult a professional for proper usage and installation.
