

The TSS notebook holder from Novus is ideal for the user on the go. For use with a TSS column, the notebook holder lifts a laptop off the desk surface for a more comfortable viewing position. And, the notebook holder can be added to a TSS column with a monitor arm for multiple view screen possibilities.

Made from strong aluminum and metal, the notebook holder's support platform is 15.75" x 11.34" to support small or large laptops with a 22 pound capacity. The 2-part arm extends to 23.19", is fully adjustable, and tilts up to 45°.

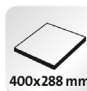

For use with a TSS column.

Item Number	Color	Capacity	Range
966+0119+000	Silver	22 lbs	23.29"
