

DAHLE CleanTEC® Shredder

MODEL 41214 Small Office Shredder

DAHLE

The DAHLE CleanTEC® 41214 is a German engineered small office shredder with an internal fine dust filter. It features a large 11 gallon waste bin, 9.5" feed opening, and shreds paper to security level P-4 standards. This shredder offers numerous safety and convenience features and fits perfectly in any professional workplace.

DAHLE CleanTEC®

Breathe easy while using the world's only shredder with a fine dust filter system. This integrated system permanently traps up to 98% of the fine dust, and provides a cleaner, healthier work environment.

EvenFlow Lubricator

Just like any fine-tuned machine, your shredder needs to be properly oiled to run at peak performance. This DAHLE CleanTEC® is equipped

with an EvenFlow Lubricator which provides slow, continuous oil across the entire cutting mechanism.

Precision Milled Cylinders

This shredder features solid cutting cylinders milled from a bar of German Solingen steel. They're perfectly aligned in an all-steel frame and guaranteed for life. The result is a machine with strength, power and the ability to handle all of your data destruction needs.

SmartPower

This intuitive system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after 30 minutes of inactivity. Dahle SmartPower will appeal to those interested in conserving energy as well as reducing electrical costs.
