

## URINARY LEG BAGS

### ITEM 4281-4282

Dynarex Urinary Leg Bags rest discreetly against the leg with soft, pleated sides for a low-profile, comfortable fit. Each bag features secure straps and a twist valve for simple, non-drip drainage.

- Soft and comfortable vinyl construction provides optimum performance and user comfort
- Twist valve offers simple, non-drip closure for easy drainage
- Anti-reflux valve helps reduce the risk of urine backflow
- Adjustable straps allow secure and discreet leg attachment
- Sterile fluid pathway supports sanitary fluid management
- Not made with natural rubber latex
