CRC BRUSH ON UNDER SEAL

I. Product Description

CRC Brush-On Underbody Seal gives protection against corrosion and stone chips while insulating against drumming and road noise. The tough coating is non drip and easy to apply with a brush.

II. Applications

Under guards, door sills, chassis and fuel tanks. To reduce drumming and road noise, Underbody Seal should also be applied to the inside door panels. Do not apply to internal floor structures.

III. Features & Benefits

CRC has developed the original Mendent Brush On Underbody Seal, now part of the trusted CRC family of products.

IV. Typical Properties and Characteristics

Physical Properties:

Flash Point	>23
Odour	Not Available
Appearance	Black, highly viscous liquid with a solvent odour; not miscible with water.
Solubility in water	Immiscible
Flammability	Flammable
Physical state	Liquid
Vapour density (Air = 1)	>1

V. Package Description

Part Number Size

7234	CRC Brush On Under Seal	Tin	1L
7236	CRC Brush On Under Seal	Tin	4L
