

HI-VIZ UTILITY

HIGH-VISIBILITY HAND PROTECTION

Not all work is created equal and neither were our Hi-Viz Utility work gloves. These all-purpose gloves are constructed with touchscreen capable synthetic leather so you're always connected. Breathable TrekDry® forms to the back of your hands to help keep them cool and comfortable on those sauna-like workdays. Hi-Viz Utility gloves are secured by a comfortable Thermoplastic Rubber (TPR) top closure so you have full range of motion during every job.

REFLECTIVE

High-visibility reflective ink improves visual awareness in low-light environments.

SECURE FIT

Anatomically designed two-piece palm eliminates material bunching for an exceptional fit.
