Please retain instructions for future reference.

## **Care and use**

Please retain these instructions for future reference. Before first use, ensure that you hand-wash the ovenware thoroughly. It is suitable for domestic oven use only, with a maximum temperature of 220 °C or Gas Mark 7. To prevent sticking, lightly coat the inner surface with grease, and to enhance its longevity, it is advisable to use silicone, wooden, or nylon utensils; metal utensils should be avoided. Do not overheat the ovenware, and never leave it unattended while in use. Always allow the ovenware to cool before cleaning, as it is not dishwasher safe. Hand-wash with a mild detergent and a non-abrasive sponge, then rinse and dry thoroughly. Avoid storing the ovenware while it is wet. When handling the ovenware, always use heat-resistant oven gloves, and never expose hot ovenware to cold liquids. If you notice any signs of damage, dispose of the ovenware carefully.
