Experience the Exotic Beauty of Marblique

Exotic. Unique. That's the infinite allure of Marblique. Marblique's revolutionary Visual Touch™ technology brings life to design with rich, textural realism. The result? Premium highly sophisticated natural marbles with unparalleled accuracy – both in appearance and tactile sensation.

Every quarry marking and veining is meticulously replicated to perfection, synchronizing seamlessly with the nuanced textures of acid etching, brushing, and bushhammering on porcelain. This union of authenticity and durability elevates surfacing materials to new dimensions of luxury.

Marvel at the breathtaking visuals and textures of Marblique, whether showcased on a grand scale or in intricate mosaic forms. Making a statement? Opt for the bold 24x48 field tile. Need something more versatile? Choose from our elegant 24x24 or 12x24 field tiles. And for those finishing touches, indulge in our mosaic options and bullnose finish, completing the unpolished perfection of Marblique.

Experience the sophistication and endurance of Marblique – where the extraordinary meets everyday elegance and commercial applications alike.

- Marblique's unique surface texture evokes the feel of natural marble
- Featuring four Italian Marbles plus a blended field tile
- Field Tile - Rectified
- 3"x3" and 1"x6" mosaics available.

Shade & Texture Index

Marblique has a shade variation is V4.

V1

V2

V3

V4

V1 Uniform appearance

V2 Slight Variation

V3 Moderate Variation

V4 Substantial Variation

Random color and/or texture differences from tile to tile, so that one tile may have totally different colors and/or textures from that on other tiles. Thus, the final installation will be unique. It is recommended that the range be viewed before selection.

Recommended Use

Marblique is recommended for interior floors, interior walls, countertops, exterior walls, pool waterlines and full linings* in both residential and commercial applications. Marblique is not recommended for exterior horizontal surfaces or exterior paving.

* Excludes mesh mounted mosaics

Wet area use for Marblique Mosaics

Crossville® produces the Marblique mosaics with a polished finish. The ANSI A326.3 wet Dynamic COF of Marblique is $\geq .42$. Their small size ensures frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning. This information is provided so that customers may make a realistic and informed decision when comparing Marblique to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Care and Maintenance

Regular cleaning is the best way to keep Marblique tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.
