

MOUNTAIN PLUMBING® HOT & HOT/COLD INSTALLATION INSTRUCTIONS

Model #MT550, MT650, MT540, MT640

Mountain Plumbing does not recommend using their hot or hot/cold faucets with RO (reverse osmosis) systems.

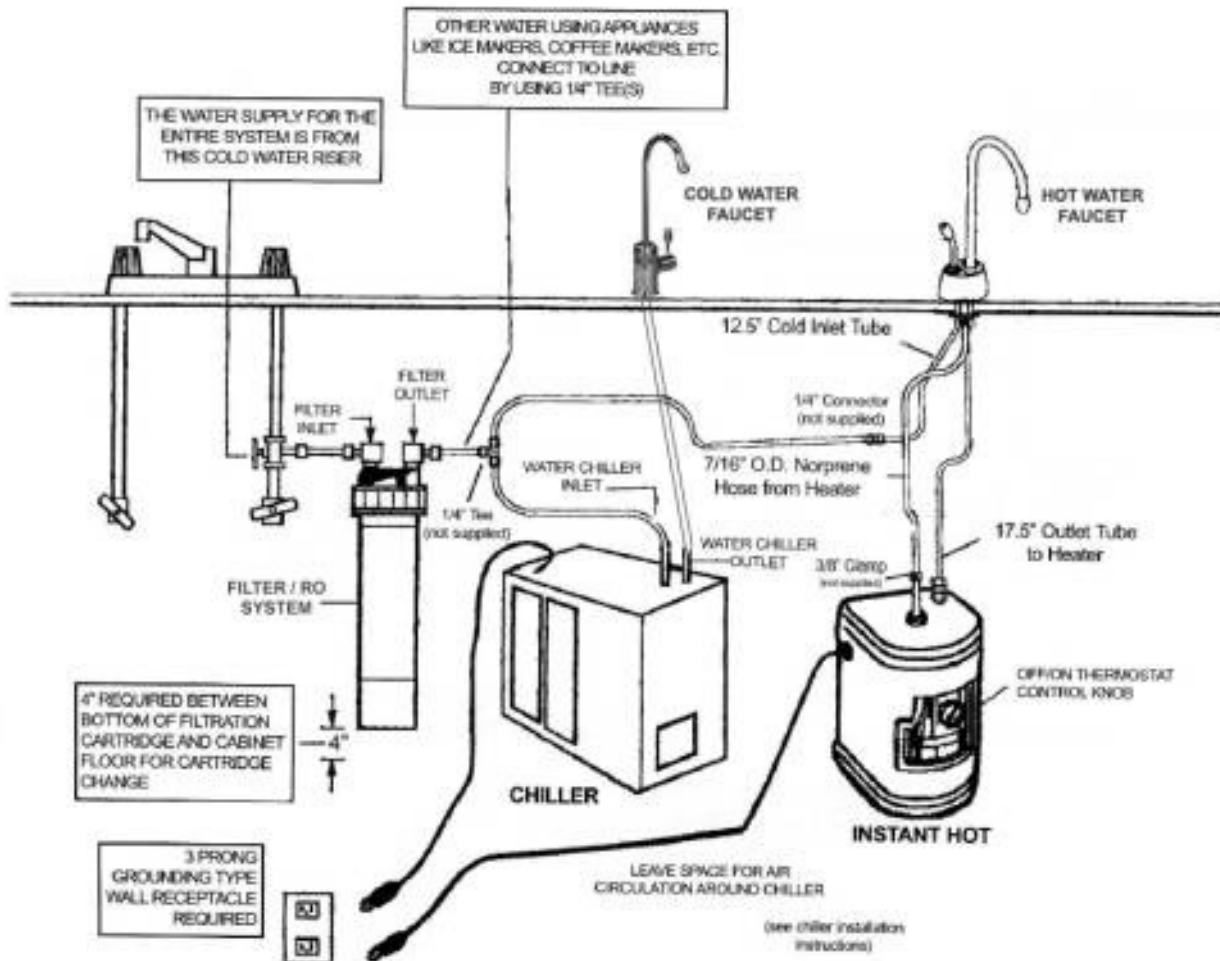

Hot Only Faucet with Hot Tank

Model #MT540 and MT640

Hot Only Faucet with Separate Cold Only Faucet to Hot Tank and Chiller

Model #MT540 and MT640

NOTE: If using room temperature water instead of chilled water, connect the cold water faucet straight to the tee on the outlet of the filter or reverse osmosis (RO) system.
