ASCENT™ LINEAR

DIRECT VENT GAS FIREPLACES

BL36 | BL42 | BL46 | BL56 | BL76

MADE FOR MEANINGFUL MOMENTS.

Napoleon's Ascent™ Linear Series offers multiple designer options, making this linear fireplace the perfect finishing touch for your home. Customize your fireplace with the Beach Fire or Mineral Rock kit, which can also be mixed and matched to suit your style. With the optional eFire app, you can effortlessly control the fireplace from your mobile device. The Ascent™ Linear features the exclusive topaz CRYSTALINE™ ember bed, adding a touch of luxury to any room.

CUSTOMIZE

MEDIA

Included: Topaz Crushed Glass

OPTIONAL ENHANCEMENT KITS:

Beach Fire

Mineral Rock

Woodland Media

Glass Embers

Glass Beads

OPTIONAL DECORATIVE PANELS

MIRRO-FLAME™ Porcelain Reflective Radiant Panels

Ledgestone Brick Panels

OPTIONAL TRIM

Adjustable 4pc ⅝" finishing trim for installations that require more coverage

FEATURES

- A linear gas fireplace featuring lower heat output making it ideal for heating smaller spaces
- Includes safety barrier
- Optional heat circulating blower
- Tempered glass
- Up to 34,000 BTUs
- Warranty: President's Limited Lifetime
- Available sizes (width): 36", 42", 46", 56", 76"

OPTIONAL CONTROLS

eFIRE MOBILE APP

Providing a more connected and convenient experience by controlling every setting right from your mobile device. This includes: on/off, flame height and blower speed, top light and more!

REMOTE

Enjoy added convenience with an optional remote–control every function of your fireplace, including power, and blower speed, from the comfort of your couch.

OPTIONAL HEAT MANAGEMENT

DUCTED HEAT MANAGEMENT (DHM) (76" MODEL ONLY)

Offers the greatest amount of flexibility for installations with multiple configurations available, including an option where you can install the fireplace as a room divider and safely pass cables through the wall for ease of electronic installation. Enjoy true zero clearance to combustible materials without fear of heat damage.

DHM

UNIVERSAL HEAT MANAGEMENT (UHM) (42", 46", 56" MODELS ONLY)

This system operates electricity-free and without blowers, utilizing a set of ducts to efficiently circulate heat throughout the room, rather than blowing it directly from the front of the fireplace. Additionally, the (UHM) system lowers clearances for combustibles and enables the safe installation of electronics above the fireplace.

UHM

HOT AIR DISTRIBUTION KIT (LHAD) (42", 46", 56" MODELS ONLY)

Efficiently moves warm air from the fireplace to a different room or outdoors using flexible ducting.

INNOVATIONS

BATTERY BACK-UP CONTROL

In the event of a loss of power, your fireplace will still light and keep you warm (batteries are not included but you can charge with your own power bank).

DIRECT VENT

Effectively removes exhaust and fumes from your space, keeping your indoor air clean while also conserving energy.
