

14" HIGH HEAT GLOVES

Part #234-AKV-KV

PRODUCT SPEC SHEET

FEATURES

- 19 oz. Aluminized Para Aramid Blend Back with 22 oz. Para Aramid Blend Combo Front
- 14" Glove
- Double Layer
- Straight Thumb
- Wool Lined

Aluminized Para Aramid Blend Back provides protection from temperatures close to 2000° F of radiant heat.

The Para Aramid Blend Combo palm provides protection from working temperatures of 400° F to 600° F.

Besides high heat protection, these gloves provide good abrasion resistance.
