Care and use

Please retain these instructions for future reference. To begin using the spray mop, remove all packaging and then lift off the water tank from the mop, unscrewing the cap. Prepare a solution of water and detergent or disinfectant in accordance with the manufacturer's instructions, and pour this solution into the water tank. After replacing the cap, securely push the water tank back onto the spray mop. To activate the spray function, simply press the trigger located on the handle. It is important to empty and clean the spray bottle after each use. Please exercise caution; this product is not suitable for use with bleach, and do not fill the water tank with hot or boiling water. It is designed for use only on cool surfaces and should be kept out of reach of children.
