

SPEEDKNIT™ CHEMICAL S2EP02

NITRILE COATED GLOVES

Our SpeedKnit™ S2EP02 Chemical gloves are fully coated in nitrile to prevent chemicals, oils, solvents, acids and caustics from contaminating hard working hands. We use a machine-knit blend of high dexterity 18-gauge HPPE and Glass coated with sandy nitrile to achieve ANSI A4 cut resistance.

FEATURES

- 1 High dexterity 18-gauge HPPE + Glass knit construction protects working hands against punctures and lacerations.
- 2 Gauntlet cuffs allow for easy on and off convenience.
- 3 Rugged nitrile coating protects the user from harmful liquids and chemicals like sulphuric acid.
- 4 Dual coated sandy nitrile palm with textured grip offers high abrasion resistance and wet grip performance.
- 5 Durability performance meets ANSI Level 4 abrasion standard.
- 6 Cut performance meets ANSI A4 cut resistant standard.
- 7 Machine washable and dryable
