

# COMFORT-FOAM TRACH TUBE HOLDERS

Resp-O<sub>2</sub>™ Comfort-Foam Trach Tube Holders are designed to stabilize and hold tracheostomy tubes securely in place to ensure uninterrupted airflow to trach patients. The Trach Tube Holder fastens securely with hook-and-loop closures and features soft, Comfort-Foam padding to help keep skin dry and promote optimal patient comfort.

- Helps to stabilize trach tube and reduce risk of dislodgement
- Comfort-Foam cushioning helps to minimize skin irritation
- Hook-and-loop closures are easy to adjust
- Not made with natural rubber latex or DEHP
