

Comet Pro

Feel the Freedom

A premium scooter for advanced mobility
giving exceptional power and performance

Yes, you can.

Feel the difference

Our scooters have been designed together with healthcare experts, to meet our highest standards in quality, safety and comfort.

Through continuous dedicated research and our extensive experience in designing for mobility, at Invacare we pride ourselves in scooters that help improve quality of life. Being able to regain confidence, trust and independence from your scooter is important.

From ergonomic steering controls to the adaptable cushioned seats and adjustable seat risers, every detail of our scooters is considered and refined to make getting about feel great.

Quality

High-quality build with exceptional attention to detail.

Comfort

Adjustable design to help provide lasting comfort.

Feel in control with our Comet Pro scooter

The Comet Pro is our most advanced outdoor scooter. Designed with exceptional features and options to take you wherever you want to go in comfort, safety and style. It's a design to provide drive performance and help enable control without compromise.

Comet Pro features exceptional driving features and modern aesthetics to deliver premium performance and control. The 2 x 12 V / 75 Ah batteries allow users to enjoy challenging journeys beyond the city's limits.

It also has large front and rear wheels, combined with an advanced suspension system that helps enable safe negotiation of curbs and obstacles smoothly and comfortably.
