

# CALI<sup>®</sup> hardwoods meritage

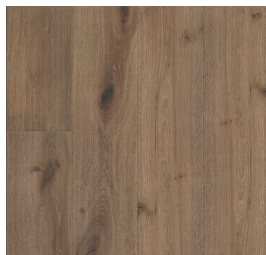

## European Oak, California Character

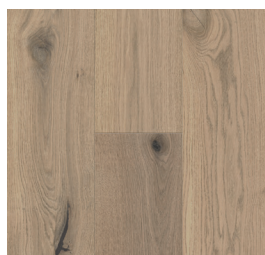

Wine lovers know a meritage as a French Bordeaux style blend made in California. Similarly, this premiere Cali Hardwoods collection sources high-end European white oak from France's Ardennes Forests, and it infuses it with an eco-minded California character. This timber boasts a provocative grain and is stained to perfection to draw out a range of visual intricacies. Veneers are 4mm thick and Euro sawn to accentuate an array of colors and textures. Planks are responsibly sourced, extra wide, highly varied, and green to the core--stabilized by a foundation of cross-constructed, sustainable wood.

## The Designer's Dream Floor

The Meritage styles were hand-selected and customized to elevate all interior designs. Versatile hues complement any range of color palettes, and a rich oak wood textures add the perfect touch of rustic character.

## Green to the Core™

Meritage floors feature a top beauty layer of European white oak over a sustainable foundation. Using a fast-growing timber for the core allows planks to be larger, more dimensionally stable, and get 4x as much flooring from each tree.

## Expand Your Dimensions

Meritage planks are cut wider and longer than the industry standard. Broader dimensions make rooms feel more modern, expansive, and serene.
