

## HOME CARE BEDS

The Dynarex Home Care Bed is a height-adjustable, multi-function bed frame designed for ultimate user and caregiver convenience. A hand pendant controls head and foot position with the push of a button. The bed motor can be removed while a patient is in the bed. Ideal for a variety of homecare settings.

- Constructed from durable steel with a spring deck and split-frame design
- Spring deck is adjustable from 15.7"-22.8"
- Motor is compatible with a 9-volt battery to adjust bed position in a power outage
- Weight capacity 450 lb.
- HCPC: E0298 (10400); E0295 (10401)
