DISPOSABLE NITRILE GLOVES

Mechanix Wear has partnered with SW®, a leading manufacturer of performance-oriented hand protection products to develop the 6 Mil Sweat-Absorbing Nitrile Glove. This 6 Mil Sweat-Absorbing Nitrile Glove features a number of SW® advanced proprietary technologies to maximize performance, durability and comfort. The 6 Mil Sweat-Absorbing Nitrile Gloves are designed to absorb sweat and keep hands cool and comfortable for extended use while providing trusted protection against dirt, grease, oil, and chemicals.

FEATURES

- 1 Sweat-absorbing 100% cotton flocking Comfort Technology keeps hands cool throughout the day.
- 2 6 mil heavy-duty nitrile is stronger than latex or vinyl.
- 3 Comfortable dexterity while providing trusted protection against dirt, grease, oil and chemicals.
- 4 Fully textured/micro-roughened to create more surface area and ensure a superior wet or dry grip.
- 5 Beaded cuffs for increased tear resistance.
- 6 Latex-Free, Powder-free and Silicone-Free.
- 7 EcoTek® Biodegradability Technology helps accelerate glove breakdown in landfills to 2.5 years.
