Little Giant
Ladder Systems

PRODUCT DESCRIPTION

The Paint Pro™ from Little Giant Ladder Systems is a sturdy, easy-to-use stepladder that is built to last. This lightweight ladder was engineered with a slim storage profile, while still supporting an impressive weight capacity. It's a "get stuff done" ladder built for you. The Paint Pro™ is available as a Type IAA, rated to hold 375 lbs.

5'-STEPLADDER

Lightweight with slim profile stronger than most standard a-frames

1. COMFORTABLE STANDING PLATFORM

Extra-wide 3" steps with treads reduce slipping and foot fatigue lead you to a 165 square inch comfortable standing platform, that creates a sturdy workspace that fully supports the feet. Work in comfort for extended periods.

2. INNOVATIVE TOP CAP

The Paint Pro's innovative top cap features hooks, port holes, slots, roll holder, and a bucket to keep your materials within reach while working. View all the features on

3. AIRCRAFT-GRADE ALUMINUM

Strong and durable, while also lightweight, ensures you are safe while working.

4. FIELD-REPLACEABLE FEET®

Instead of using a ladder with worn feet and risking your safety, the Paint Pro features field-replaceable feet so that you can change them out if needed.
