Important Safety Instructions

This table lamp has a polarized plug (one prong is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fully fit in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.

This page lists all the contents included in the box. Please take the time to identify the hardware as well as the individual components to this product. As you unpack and prepare for assembly, place the contents on a carpeted or padded area to protect them from damage.

-
- 1** Attach Socket Assembly (B) to Body (A) and tighten securely. Be careful not to twist the power cord.

-
- 2** Attach Harp (C) to Socket Assembly (B). Then attach Shade (D) to Harp (C) and tighten with Finial (E).

Cleaning & Care

Treat surfaces with care. Surfaces are resistant to scratches but are not scratch resistant. Clean surfaces with a dry or damp soft cloth. Do not use abrasive cleaners. Hardware may loosen over time. Periodically check that all connections are tight.
