

## STERILIZATION POUCHES

Dynarex Sterilization Pouches are premium-quality pouches crafted from tear-resistant medical paper for use during the sterilization of medical instruments. These self-sealing Pouches feature a blue-tinted transparent film to easily detect punctures and tears.

- Self-sealing pouches designed to facilitate sterilization of medical instruments
- Blue-tinted transparent film offers easy detection of punctures or tears
- Tear-resistant medical paper provides added durability
- Internal and external color-changing indicators
- Pre-folded to help ensure secure closure
- Not made with natural rubber latex or DEHP
