Single Gang Hinged Bullnose Wall Plate, White

Part No. WP9001WHV1

The Bullnose Wall Plate is a unique cable management solution designed to keep your low voltage cables organized and out of sight. Its innovative hinged design offers four distinct configurations, allowing for flexible routing of cables inside the wall. Simply turn and snap the scoop to achieve your preferred setup. This versatile wall plate is perfect for maintaining a clean and professional look in any room.

Features & Benefits

- Conceals cables inside the wall behind flat panel TV, amplifier, or other audio/video devices
- Hinged scoop allows for flexible routing of low voltage cables into and out of the wall
- Ideal for cables with large A/V connectors
- Conceals up to six cables
- Available in White, Black
