Dryease Airer

Please retain instructions for future reference.

CARE AND USE

Scan QR code for instructions.

Please retain instructions for future reference.

Caution Maximum load is 15 kg.

Do not overload the airer.

Distribute weight evenly across the airer, starting from the lower bars.

Take care not to trap hands when opening and closing the airer.

Suitable for indoor use only.

Never move once laden.

Never drag the airer, as this will place unnecessary strain on the legs.

Using the airer remove all of the packaging from the airer.

To assemble, take hold of the foam bar and lift upwards until the locking clips are secured into place.

To safely collapse the airer, take hold of the foam bar at the top and unclip one side.

Keep hold of the foam bar at the top of the airer as you unclip the other side and slowly push it to the ground.

Made in China
