

WALL MIRROR HANGING INSTRUCTIONS

FIRSTIME & CO.[®]
— HOME FURNISHINGS —

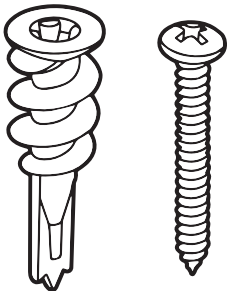

PARTS

A

2 PC
hangers
(style may vary)

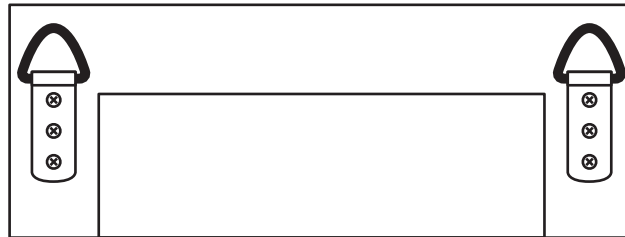

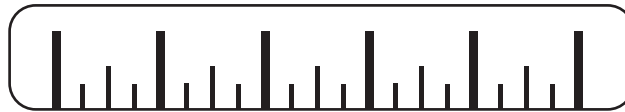

B

2 PC
hanging hardware
(not included)

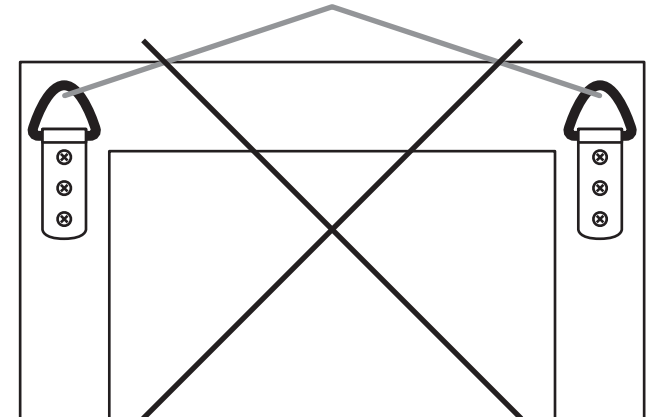

STEP 1

Measure the distance between the 2 hangers (A) on the back of the mirror or determine the desired location for a mirror with 1 hanger.

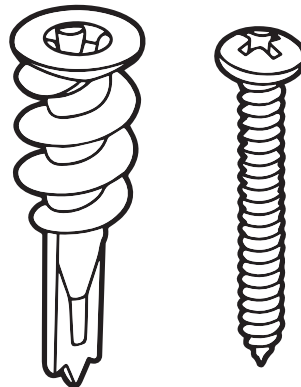

STEP 2

Mark the position of the hanger(s) (A) on the wall. Do not add picture wire between the 2 hangers. Mirrors can be heavy, and the wire may not support the weight.

STEP 2

Install adequate hanging hardware (B), not included, based on the type of wall, weight of the mirror, and the hanger size. Screws and anchors are recommended.

FULLY INSTALLED

Use the built-in hanger(s) (A) on your mirror to place it flat on the wall, then installation is complete.
