

# Oatey®

## Category 11

### Supply Boxes

Oatey® supply boxes can be used in commercial or residential applications that require supply valves and waste drain recessed into the wall. Available water hammer arrestor option provides water pressure shock arrestors required for installation on supply lines to quick closing valves. Available in fire-rated, round and other configurations.

## Oatey® Centro Center Drain Washing Machine Outlet Box (see pages 101)

Offers Flexibility and Easy Installation

Our new **Centro Center Drain Washing Machine Outlet Boxes** offer the best of both worlds – easy installation and compact box design. Made of high impact polystyrene and supplied with two mounting brackets, count on Centro boxes for maximum durability and performance in residential applications.

The durable design gives you maximum flexibility, with a wide variety of tailpiece configurations in a sleek compact design.

### Why Centro?

- **Compact size** – Takes up less space and fits almost anywhere.
- **Durability** – Box and support brackets made from high-impact polystyrene.
- **Easy installation** – Knockout drain caps are removed effortlessly.
- **Flexibility** – Three knockouts on box top allow for condensate drain while two-piece valves come uninstalled, giving you the choice of mounting locations.
- **Variety** – Boxes available in various tailpiece configurations, giving you the specific product your customers need, including Water Hammer Arrestor SKUs.
