

T-350W-24V-HW

350 Watt Hardwired Power Supply

Part Number	Description	Dimensions	Volts	Output Amps
T-350W-24V-HW	350 watt 24-volt DC dimmable hardwired.	8-1/2" x 4-1/2" x 1-3/16" 216 mm x 102 mm x 30 mm	24	14.6

Features

- Switching power supply (115V–230V) with built-in DC cooling fan
- Dims on the 12-volt side
- 12-volt power supplies over 60 watts are UL Listed for commercial use, and are not UL Class 2 Listed for residential
- 3-year limited warranty
- Designed for indoor application
- UL Recognized component

Technical Information

Series	350W Power Supply Series
Input Voltage	115 – 265 volt AC
Output Voltage	24-volt DC
Output Wattage	350 watts
Dimmable	Non-dimmable
Rating	ETL Listed , UL Recognized
Rated Life	30,000 hrs
Mounting	Screw holes to secure to brackets (not included)
Operating Temperature	-13°F to 176°F (-25°C to 80°C)
Environment	Dry location
Construction Material	Aluminum housing
Warranty	3 years

Installation Locations

- Above Cabinet / Open Soffits
- Interior Wall Cabinet
- Base Cabinets
- Open Coves
- Any Available & Accessible Outlets

DO NOT INSTALL IN AN ATTIC

L-Bracket Kit

Use with 12-volt and 24-volt 350-watt power supplies

Part Number	Description	Dimensions
T-LRS-350-ST	L-shaped mounting bracket intended for mounting 350-watt hardwired power supplies—includes 4 pieces	5/8" x 5/8" (16 mm x 16 mm)
