

TORCH X-PAD

WELDING HEAT BARRIER

Our X-Pad heat barrier is built with CarbonX® thermal-resistant fabric technology and constructed with heavy stitching of DuPont™ Kevlar® to withstand 2000°F for 20 seconds. The X-Pad features comfortable inserts for holding hot parts, and a heavyweight felt interior for added heat management.

FEATURES

- 1 Built with CarbonX® heat & flame-resistant fabric technology rated to 2000°F.
- 2 Heavyweight felt interior delivers added heat resistance.
- 3 Stitching with Kevlar® throughout provides structural integrity and resilience under constant heat.
- 4 Easy-access inserts for your fingers and thumb allow for a firm grip.
