

Side Mount - Low Loss Header Kit for the E75C / E110C

The side mount kit features:

- Mounts the low loss header plumbing kit (which is included with all Rinnai boilers) on the left side of the boiler
- Reduces overall installation height
- Kit part number for E75C / E110C boilers: 804000071

The side mount kit is designed and intended for use only on the left side of the boiler.
