LEADING EDGE CABLE

Lightweight Steel Rebar Hook

A New Connector Option Exclusive to FallTech SRLs

FallTech premium SRLs just got better with a breakthrough ultra-lightweight rebar hook—cutting weight without sacrificing an ounce of strength. It's the same top-tier safety and performance, now even lighter.

Features:

Built to Last

A durable multi-layer coating fights off rust and wear, delivering long-term reliability in tough environments.

Slim Fit

A sleek profile slips easily into tight anchor points—perfect for fast-paced work.

Lighter by Design

Now 20% lighter than our previous model, this rebar hook cuts down on bulk without cutting corners.

Small Yet Powerful

Just 24 ounces yet rated with an impressive 5,000-pound linear strength for unyielding protection while you work.

Wide Access

A 2½-inch gate opening connects to scaffolds, structural pipes, and form walls (including PERI) with ease.

Available on the 8' FT-X® Cable SRL-P

Twin-Leg

82808TP3
