CRC WattsUp Solar Panel Cleaner 1L & 5L

I. Product Description

CRC WattsUp Solar Panel Cleaner effectively removes contaminants from solar panels, maximising power generation. It is formulated to remove pollen, pollution, bird droppings, dust, dirt, salt spray and more, leaving a spot free finish.

CRC WattsUp Solar Panel Cleaner is non-corrosive and contains no solvents, making it safe for the user and environment.

II. Application and Directions

Directions – Read entire label before use:

Inspect entire system prior to cleaning to check for loose or broken wires and panels. Always clean panels early in the morning or at night when panels are cool.

1. Recommend dilution rate is 1 part CRC WattsUp Solar Panel Cleaner with 30 parts of water (1:30). For heavily soiled areas use a higher concentration.
2. Rinse panels with CRC WattsUp Solar Panel Cleaner, removing loose debris. Only wet numbers of panels that can be brushed and rinsed before solution dries.
3. Wash panels with non-abrasive cleaning equipment, i.e., sponge, lint free cloth, pressure washer.
4. Repeat steps 1 and 2 as needed for heavy contamination.
5. Rinse panels with CRC WattsUp Solar Panel Cleaner or with water and let dry.

Panels can be dried with a microfibre cloth for glass if desired.

III. Features & Benefits

- Restores photovoltaic efficiency to maximise solar panel output.
- Effectively removes bird droppings, dust, dirt, pollen, salt spray and more.
- Anti-static properties.

IV. Typical Properties and Characteristics

Physical Properties:

Flash Point	Not Applicable
Odour	Not Available
Appearance	Clear amber coloured liquid with characteristic odour; mixes with water.
Solubility in water	Miscible

V. Package Description

Part Number Size

1754785	WattsUp Solar Panel Cleaner	Jerry	1L
1753427	WattsUp Solar Panel Cleaner	Jerry	5L
