

# VENTURI MASKS

Resp-O<sub>2</sub>™ Venturi Masks deliver controlled oxygen therapy at fixed concentrations ranging from 24% to 60%. Each mask includes crush-resistant star lumen tubing, an adjustable strap, and either color-coded dilutor jets or an adjustable dial for precise delivery.

- Transparent, molded vinyl mask features smooth edges
- Each mask features an adjustable nose clip and elastic strap
- Includes 7' of crush-resistant, star lumen oxygen supply tubing
- 33070-33071: Includes seven dilutor jets for controlled oxygen therapy (Blue 24%, White 28%, Orange 31%, Yellow 35%, Red 40%, Pink 50%, Green 60%)
- 33072-33073: Features an adjustable dial with fixed oxygen concentrations ranging from 24% to 50%
- Not made with natural rubber latex or DEHP
