DAHLE

Sheet Capacity

Shreds CDDVD

Milled Cylinders

SmartPower Management

Jam Protection

German Engineered

Product Features

Precision Milled Cutting Cylinders

- Milled from a solid bar of steel for durability
- Ensures a perfectly matched set of cylinders

SmartPower Energy Management

- Reduces energy cost / saves electricity
- Environmentally friendly

Automatic Jam Protection

- Reduces paper jams and eliminates frustration
- Prevents shredder down time

Chain Driven Motor

- Steel chain and gears for slip-free power
- Maximizes sheet capacity and performance

German Engineered

- Quality build with trouble free operation

User-Friendly Convenience Features

- Automatic On/Off for quick & easy power up
- Bin Full Auto-Off for bag change notifications

The Dahle 40514 Office Shredder supports the document destruction needs of busy offices with 3-5 users. It features precision milled cutting cylinders, SmartPower energy management, and automatic jam protection to eliminate frustration. This P-4 shredder produces a $\frac{1}{8}$ " x $1\frac{1}{16}$ " particle size and holds up to 38 gallons of shredded waste. It's German engineered and guaranteed to provide many years of trouble free operation.

Precision Milled Cylinders

This shredder features solid cutting cylinders milled from a bar of German Solingen steel. They're perfectly aligned in an all-steel frame and guaranteed for life. The result is a machine with strength, power and the ability to handle all of your data destruction needs.

SmartPower

This intuitive system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after 30 minutes of inactivity. Dahle SmartPower will appeal to those interested in conserving energy as well as reducing electrical costs.

Jam Protection

Fewer things are more frustrating than a paper jam. With automatic jam protection, this shredder prevents those annoyances. If sheet capacity is exceeded, the motor automatically stops and reverses to push the paper back out. This prevents a jam and makes it easy to re-feed fewer sheets.

The cutting cylinders are milled from a solid bar of German Solingen steel for strength.

This shredder features a built-in user-friendly opening for CD and DVD destruction.

40514 Specifications
