CONNECT PHONE CASE

IPORT CONNECT Phone Case

1. Remove the Phone Case (A) from its packaging, and remove the Lightning or USB-C Dongle (B) from inside the bottom of the case. Set aside.
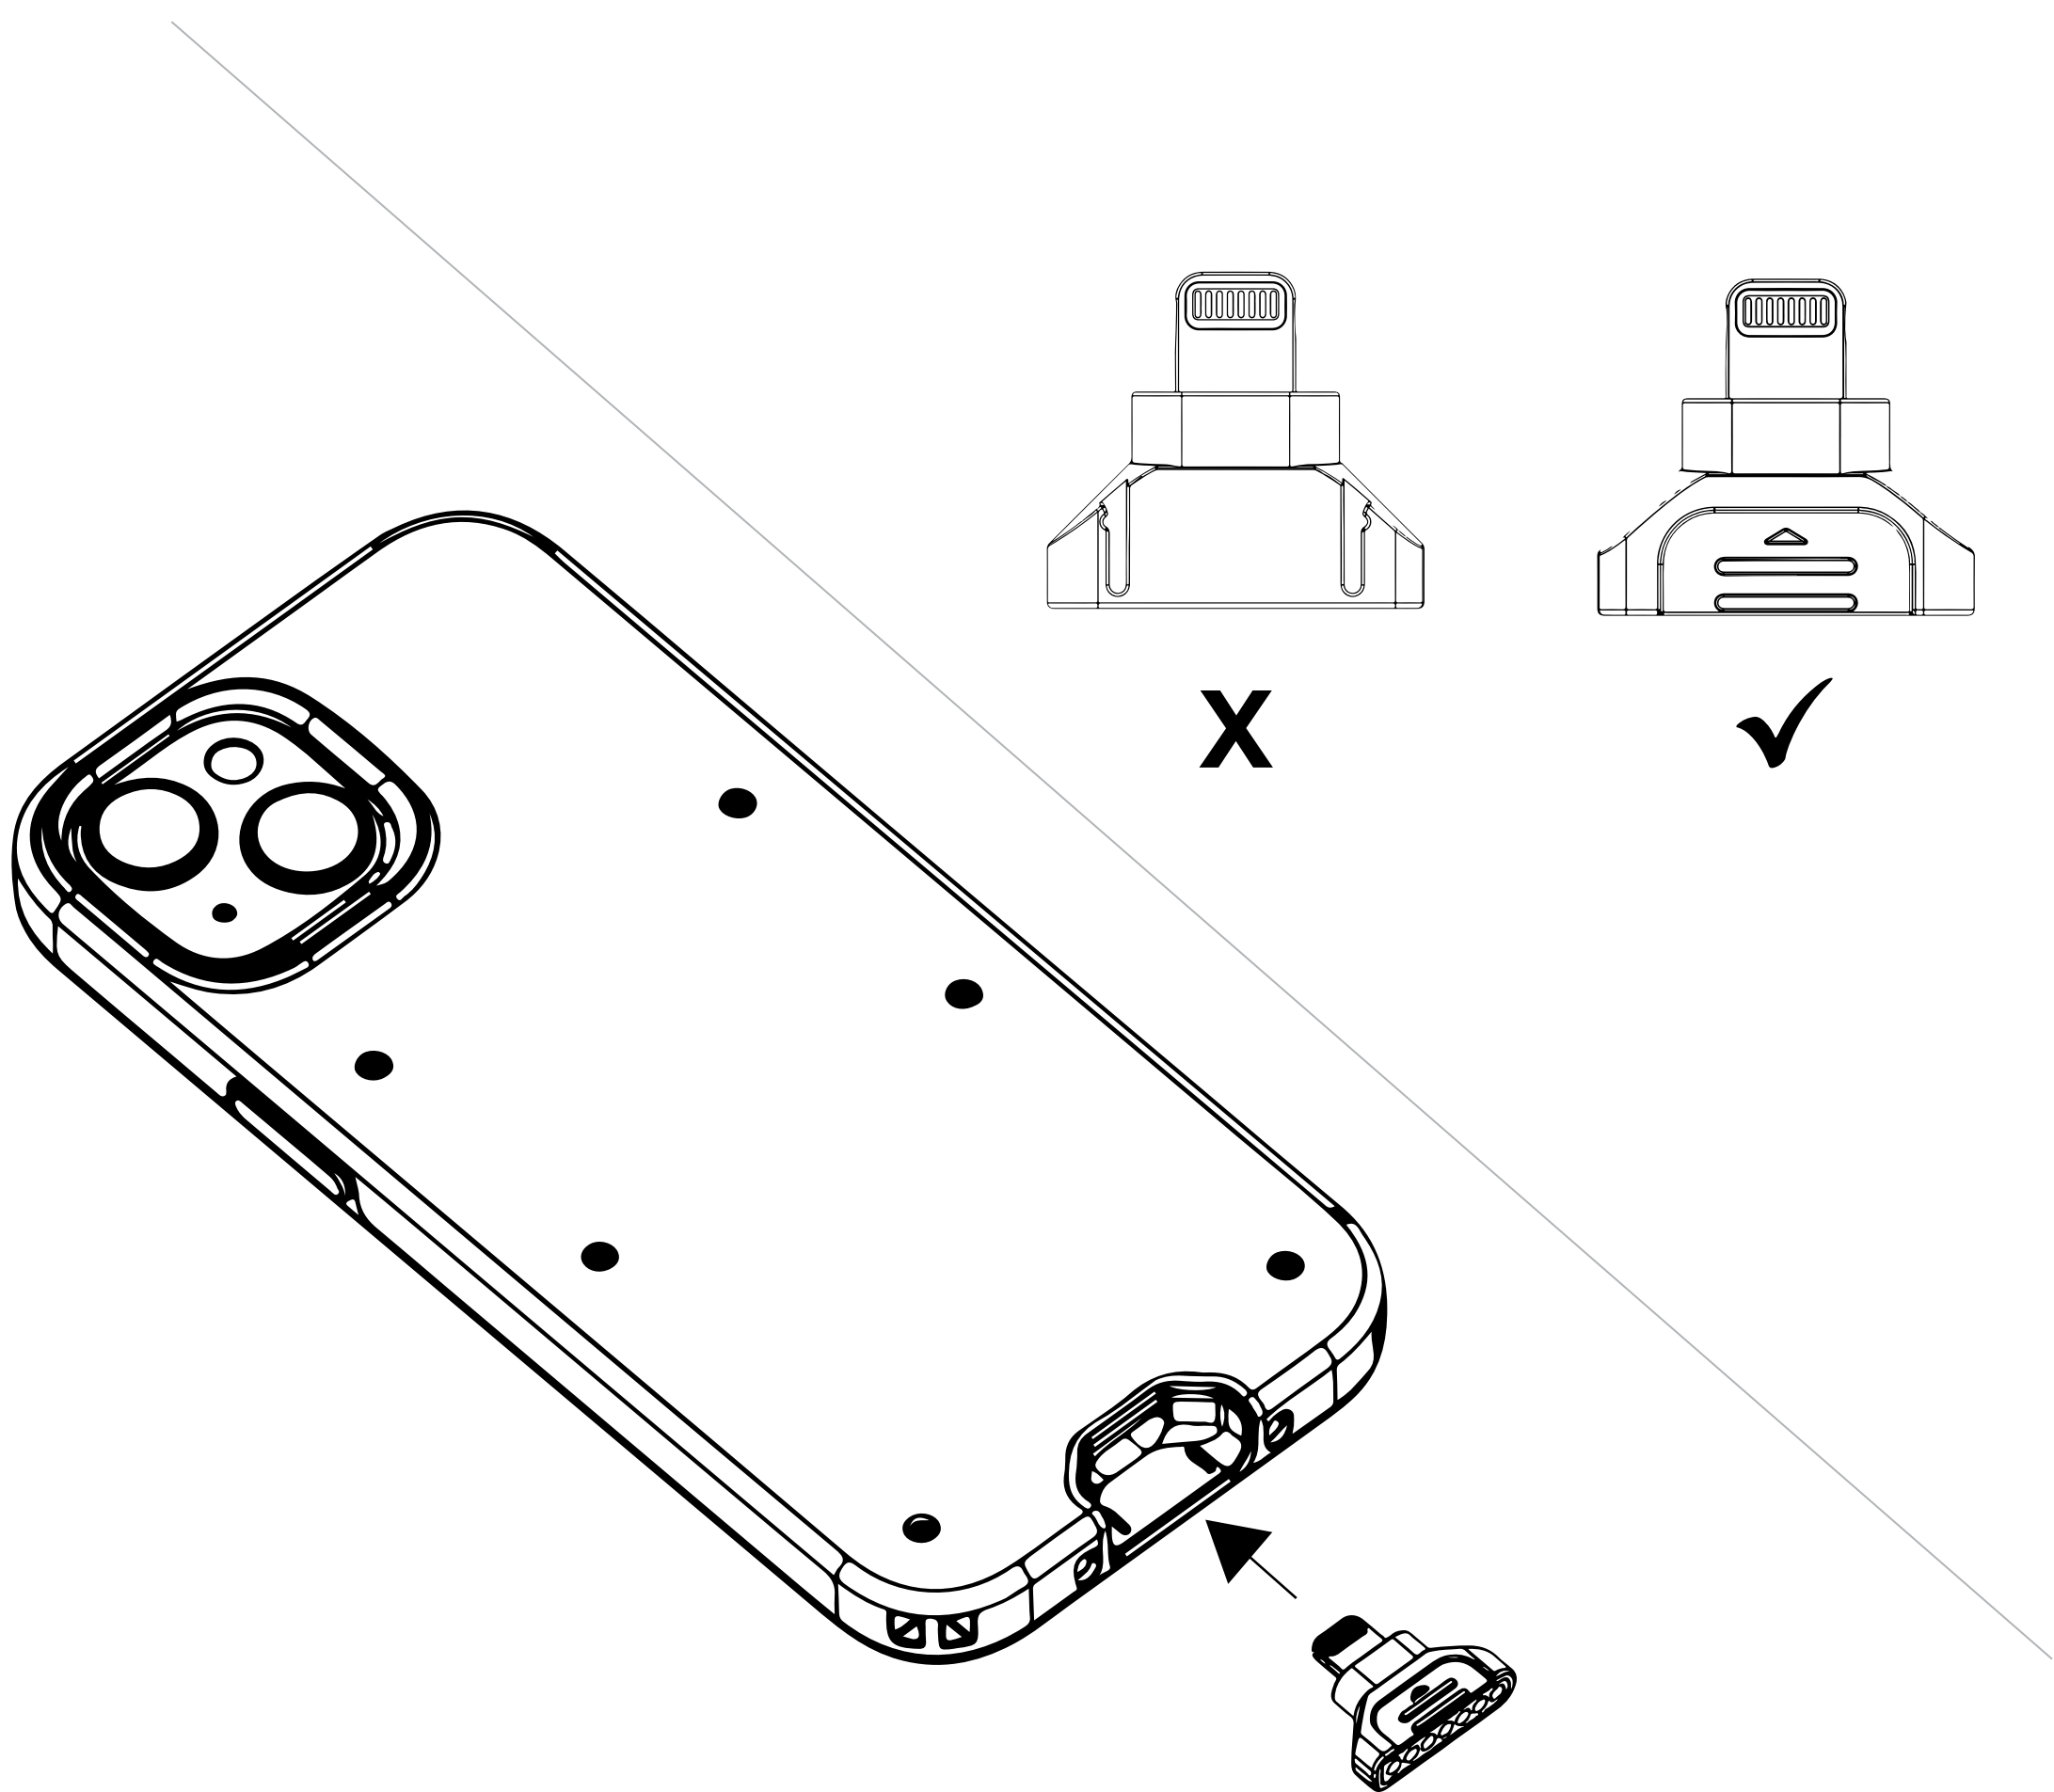

(A)

(B)

CONNECT PHONE CASE

2. Insert the iPhone into the Phone Case, first inserting the bottom of the phone and then pressing down into the top of the Case.

CONNECT PHONE CASE

3. Insert the Lightning or USB-C Dongle (B) into the bottom of the Phone Case (A) making sure to seat the Dongle into the Case fully.
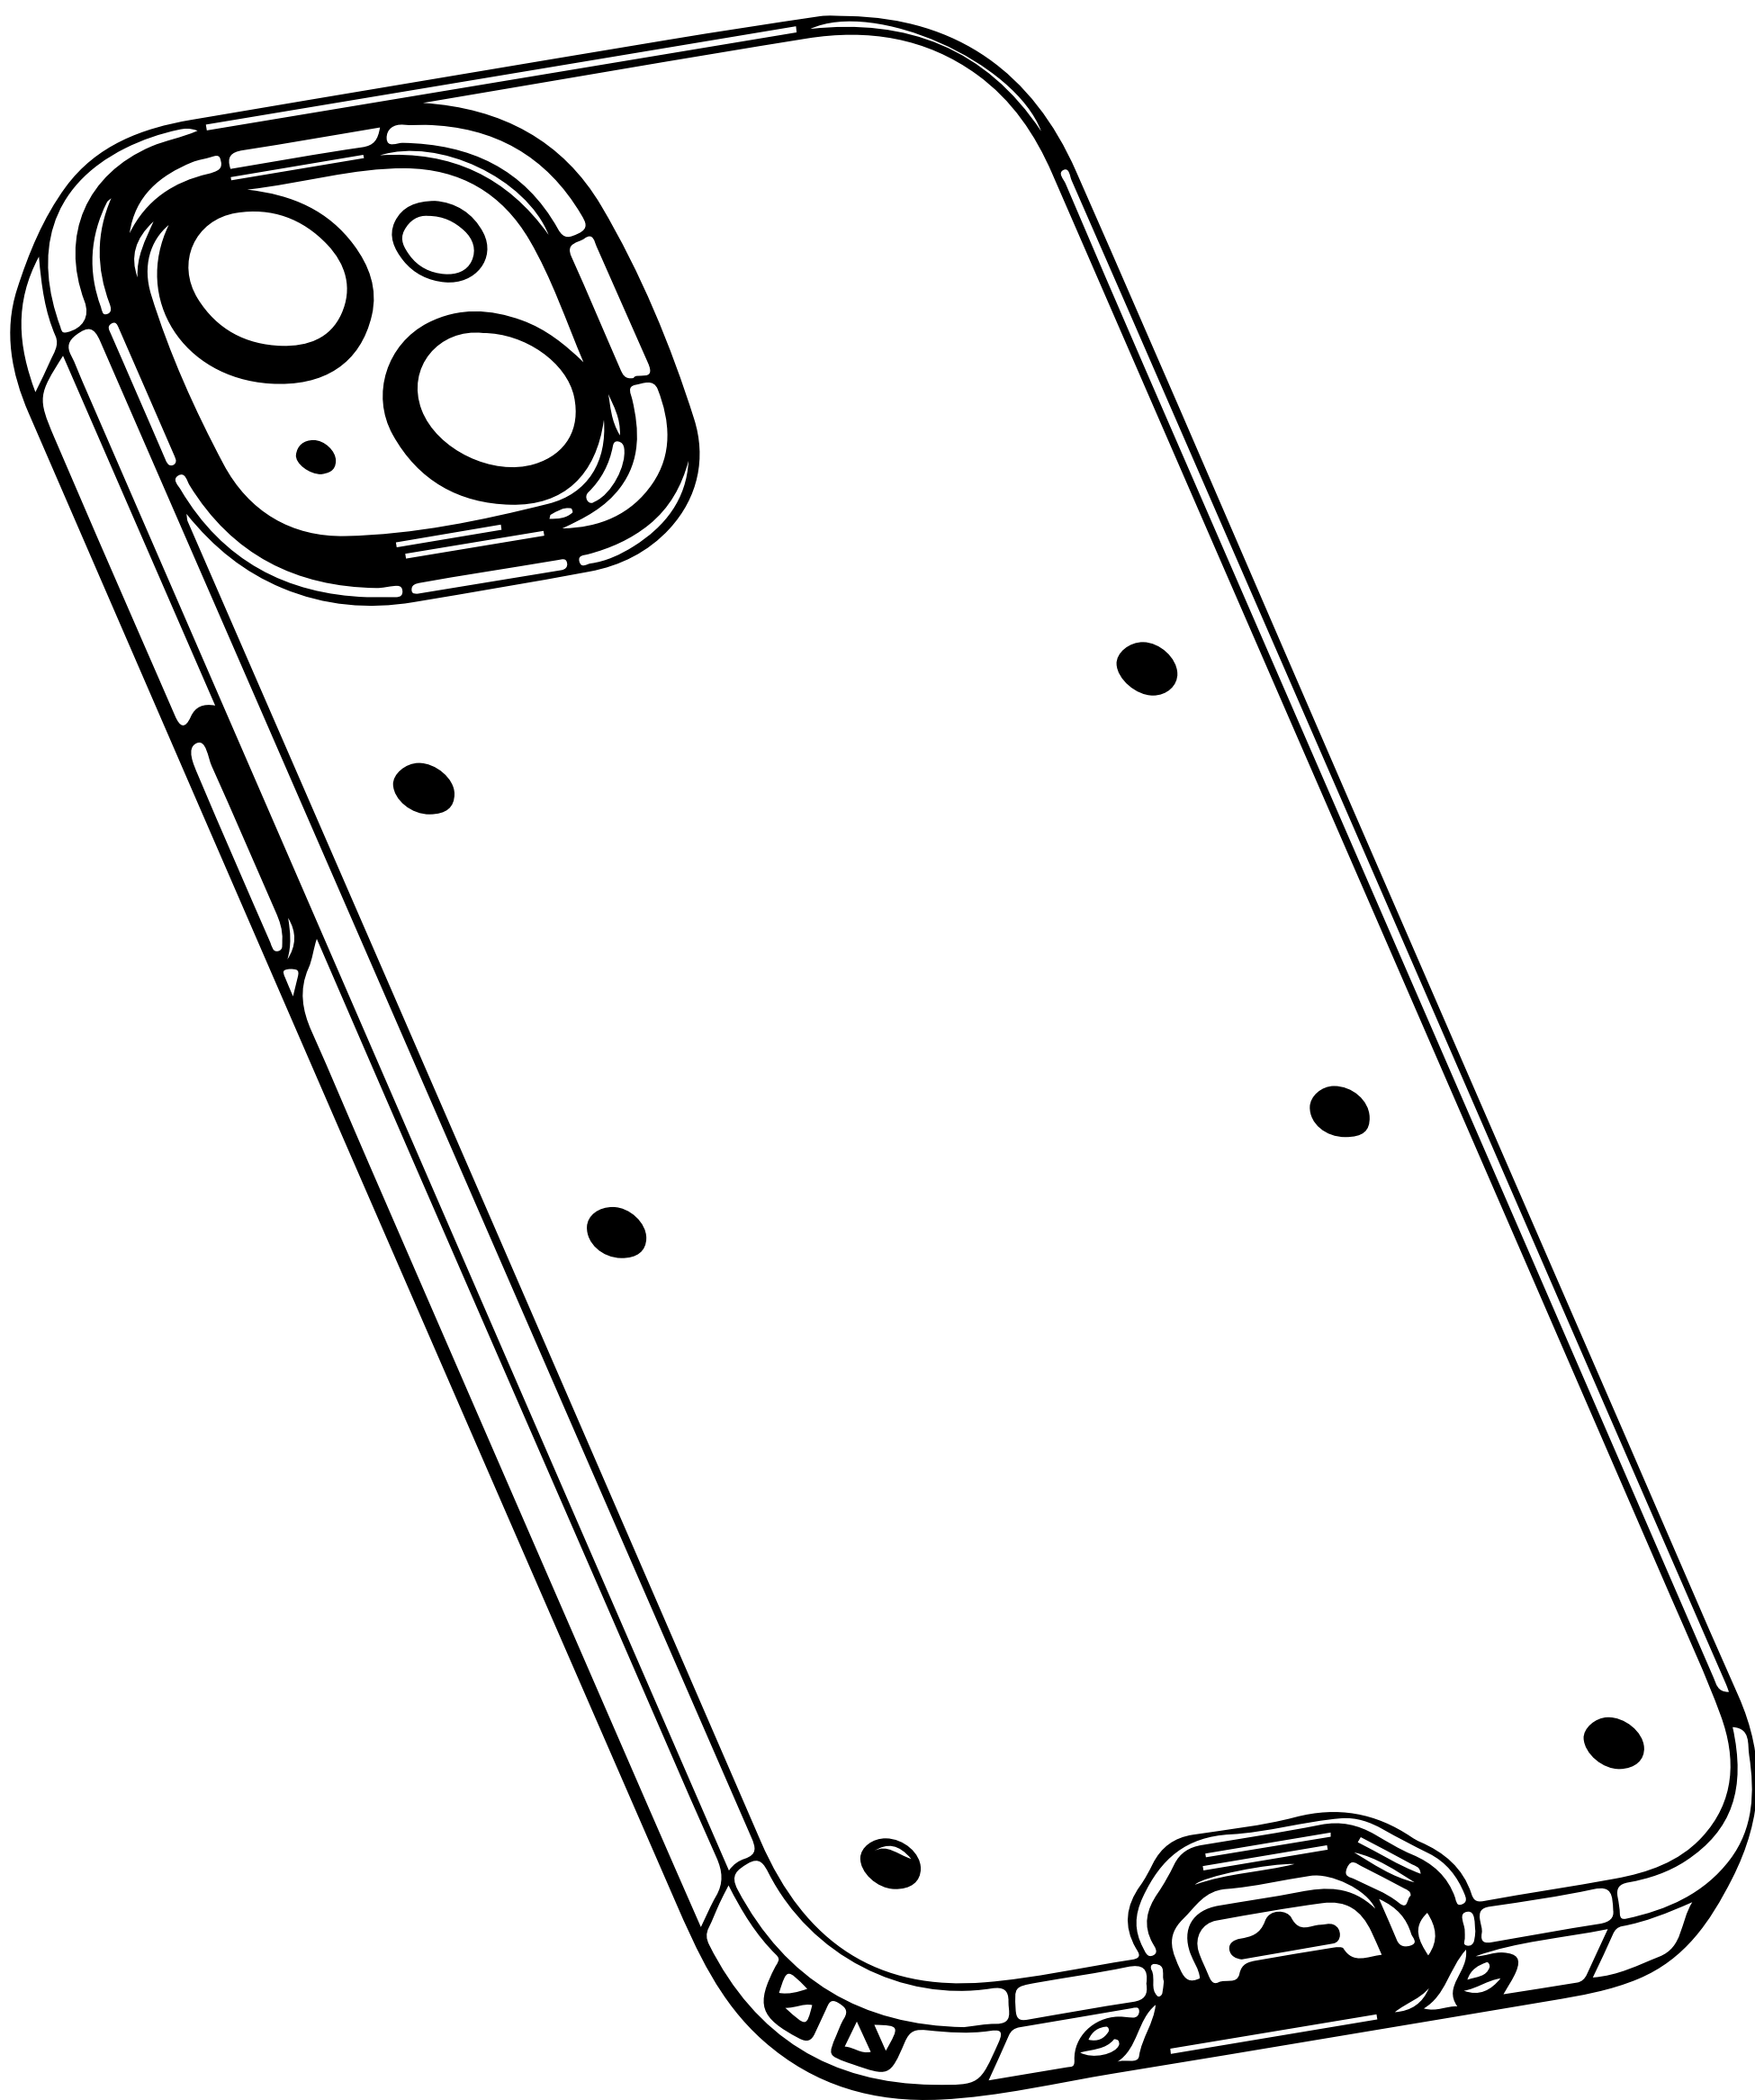

NOTE: Orient the connector with the thumbnail grooves facing up and the vertical grooves facing down.

CONNECT PHONE CASE

4. **To begin charging, continue to Step 1 of the Dock setup.**

Setup and charging with the CONNECT Dock
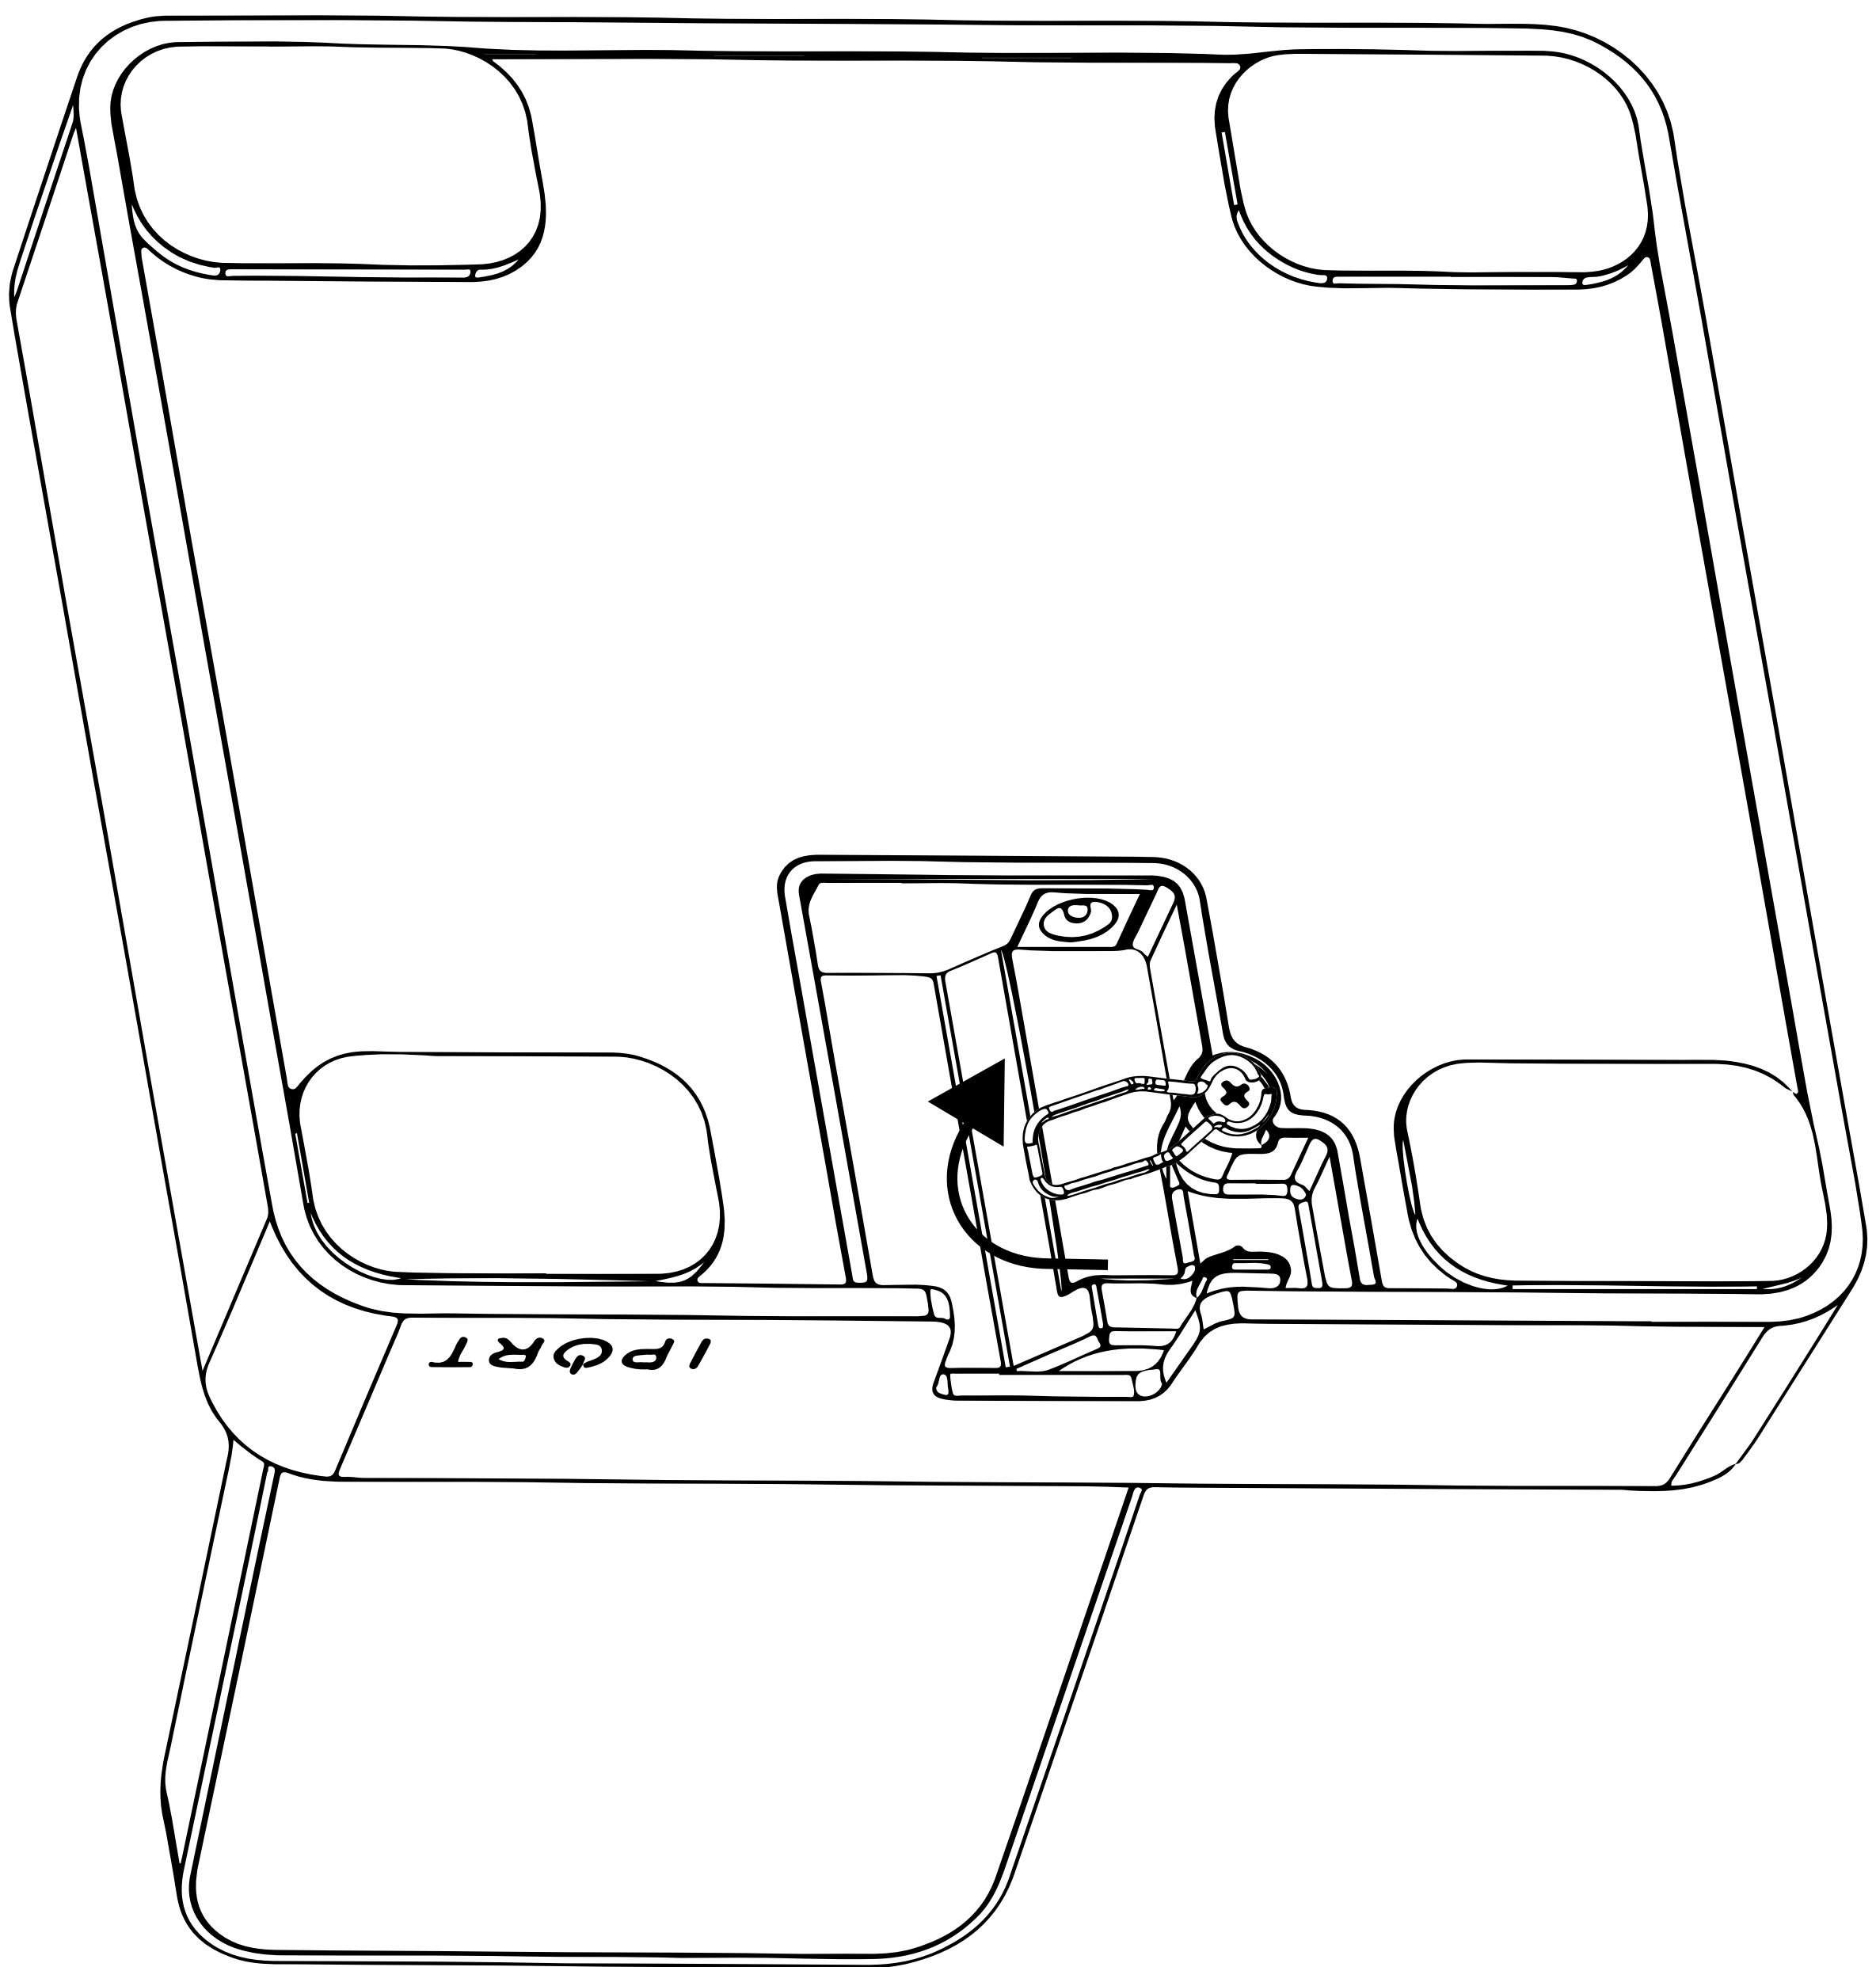

1. **Remove the CONNECT Dock and power supply from the packaging.**

CONNECT PHONE CASE

2. **Turn over the CONNECT Dock and rotate the cable retention clip toward the left.**
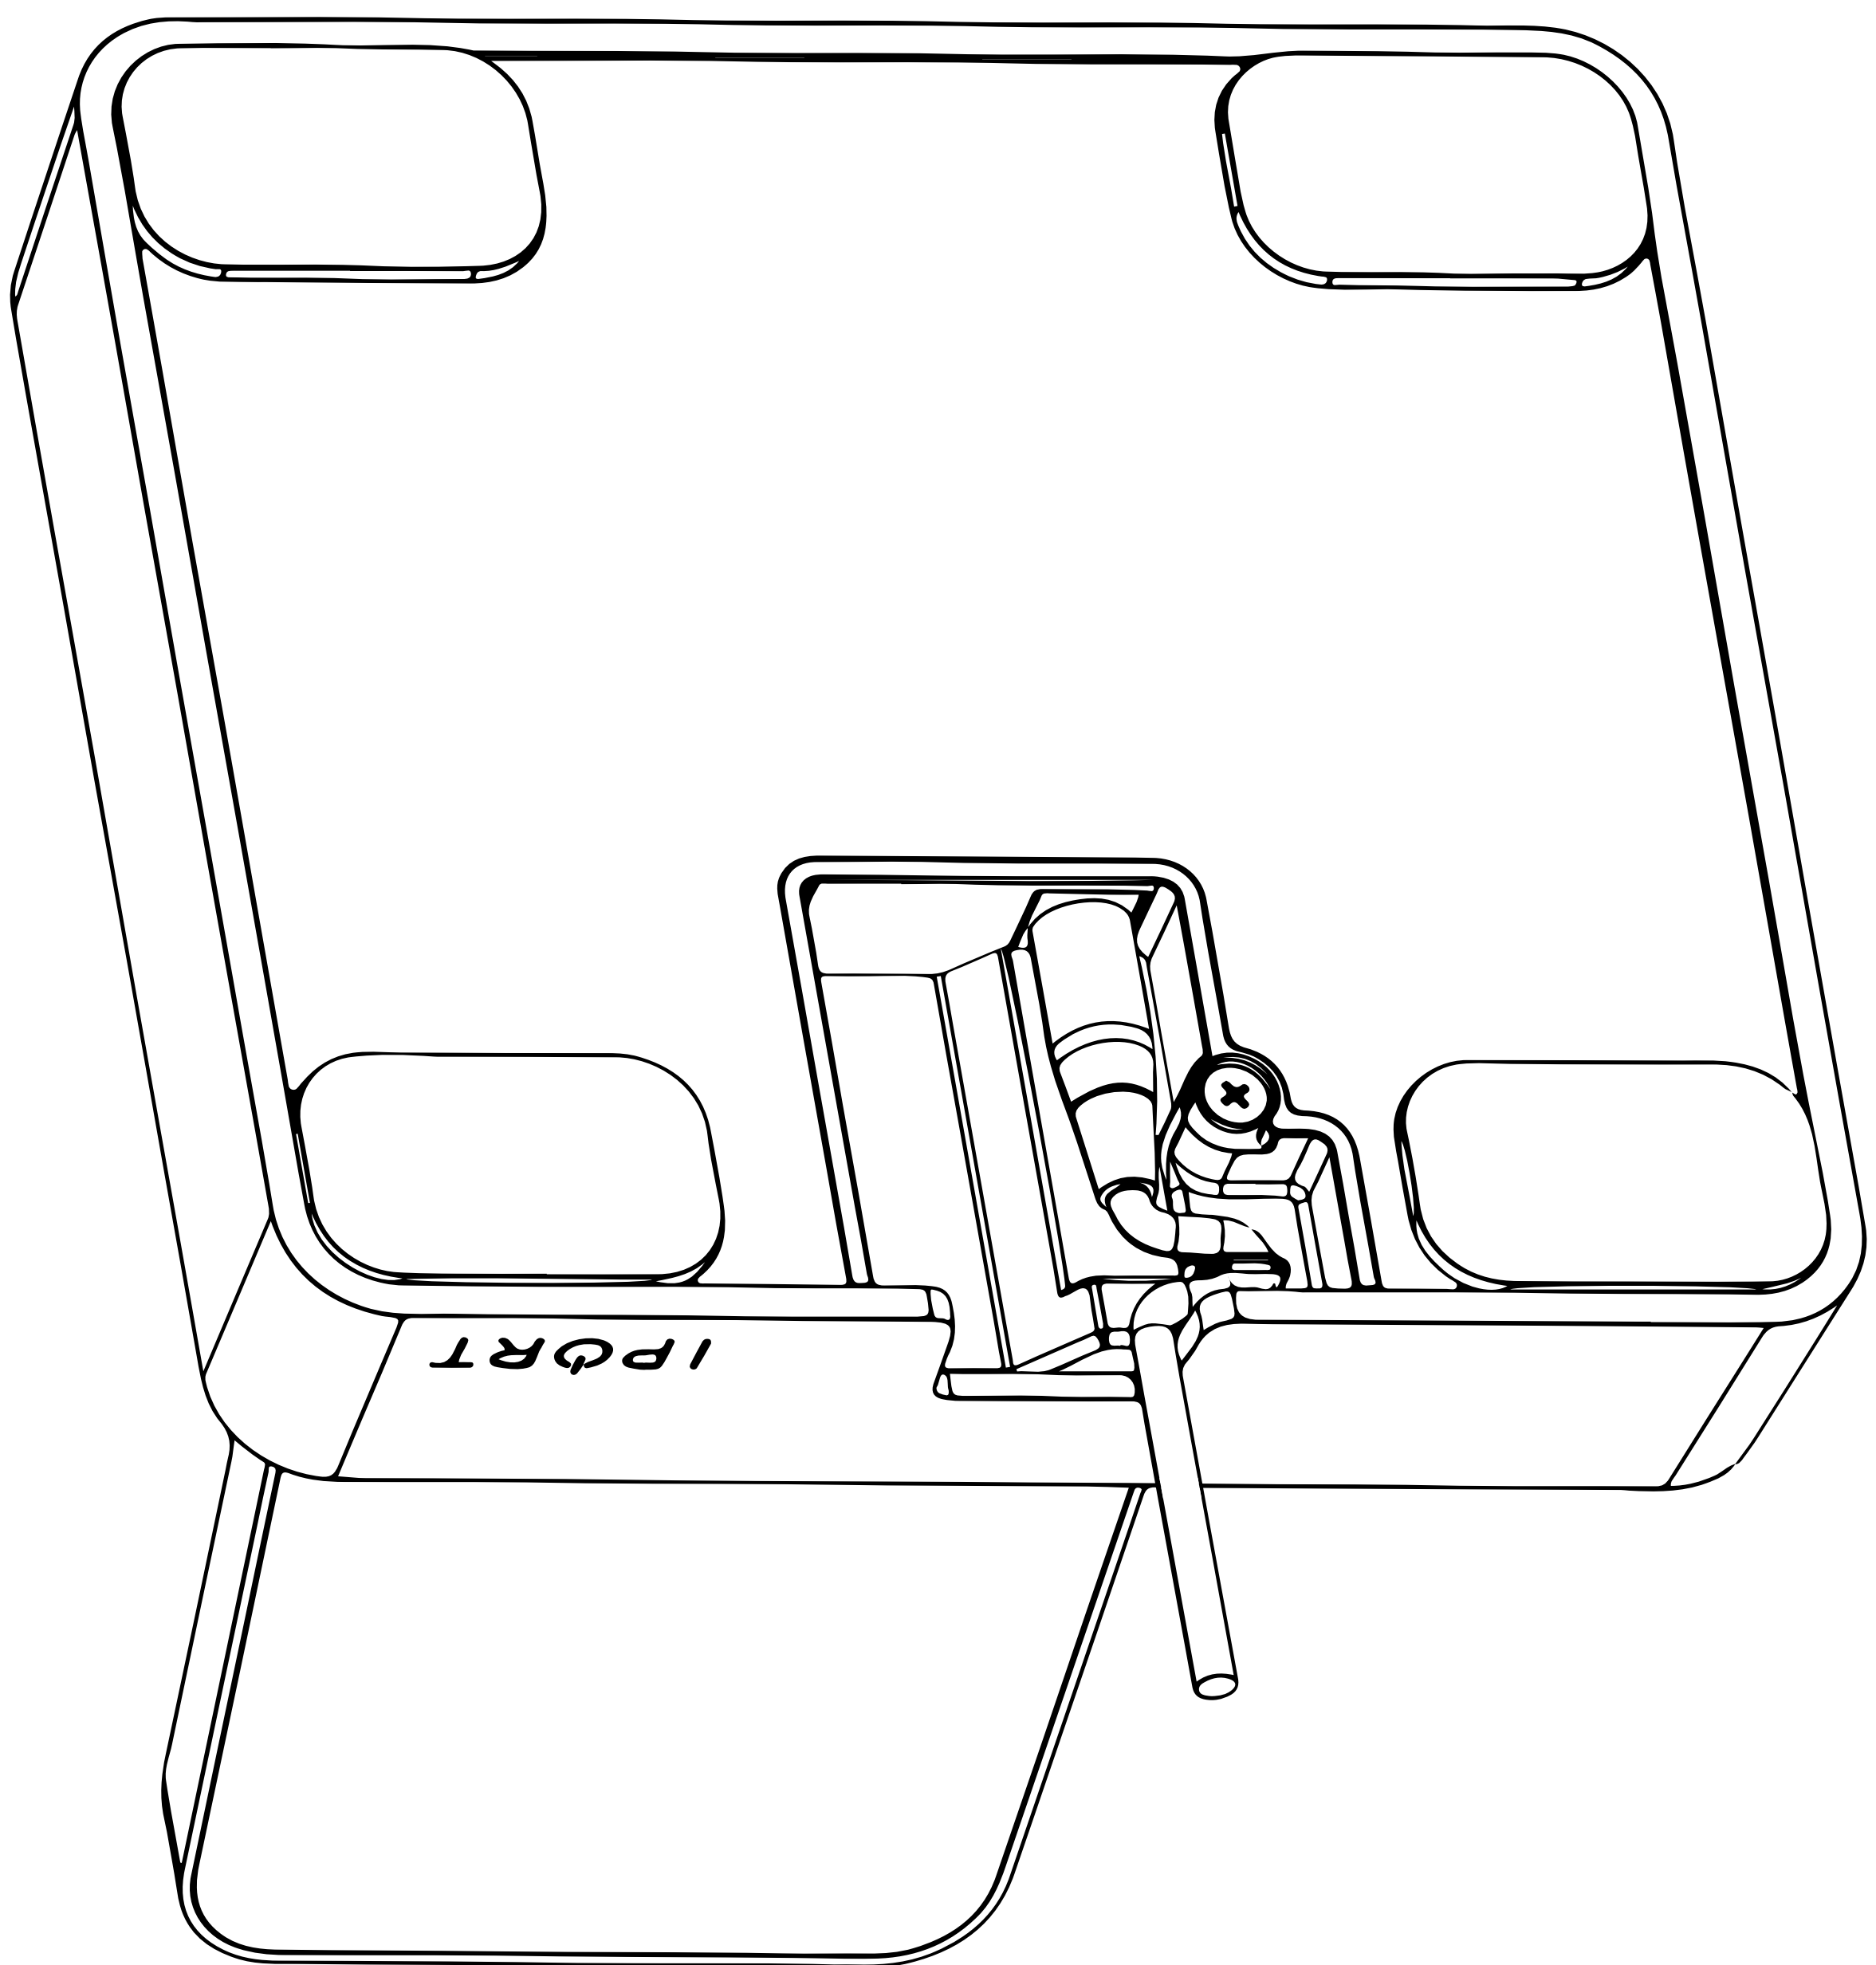

3. **Insert the power supply barrel connector into the CONNECT Dock, making sure to first run the cable under the cable retention clip and then into the barrel connector.**
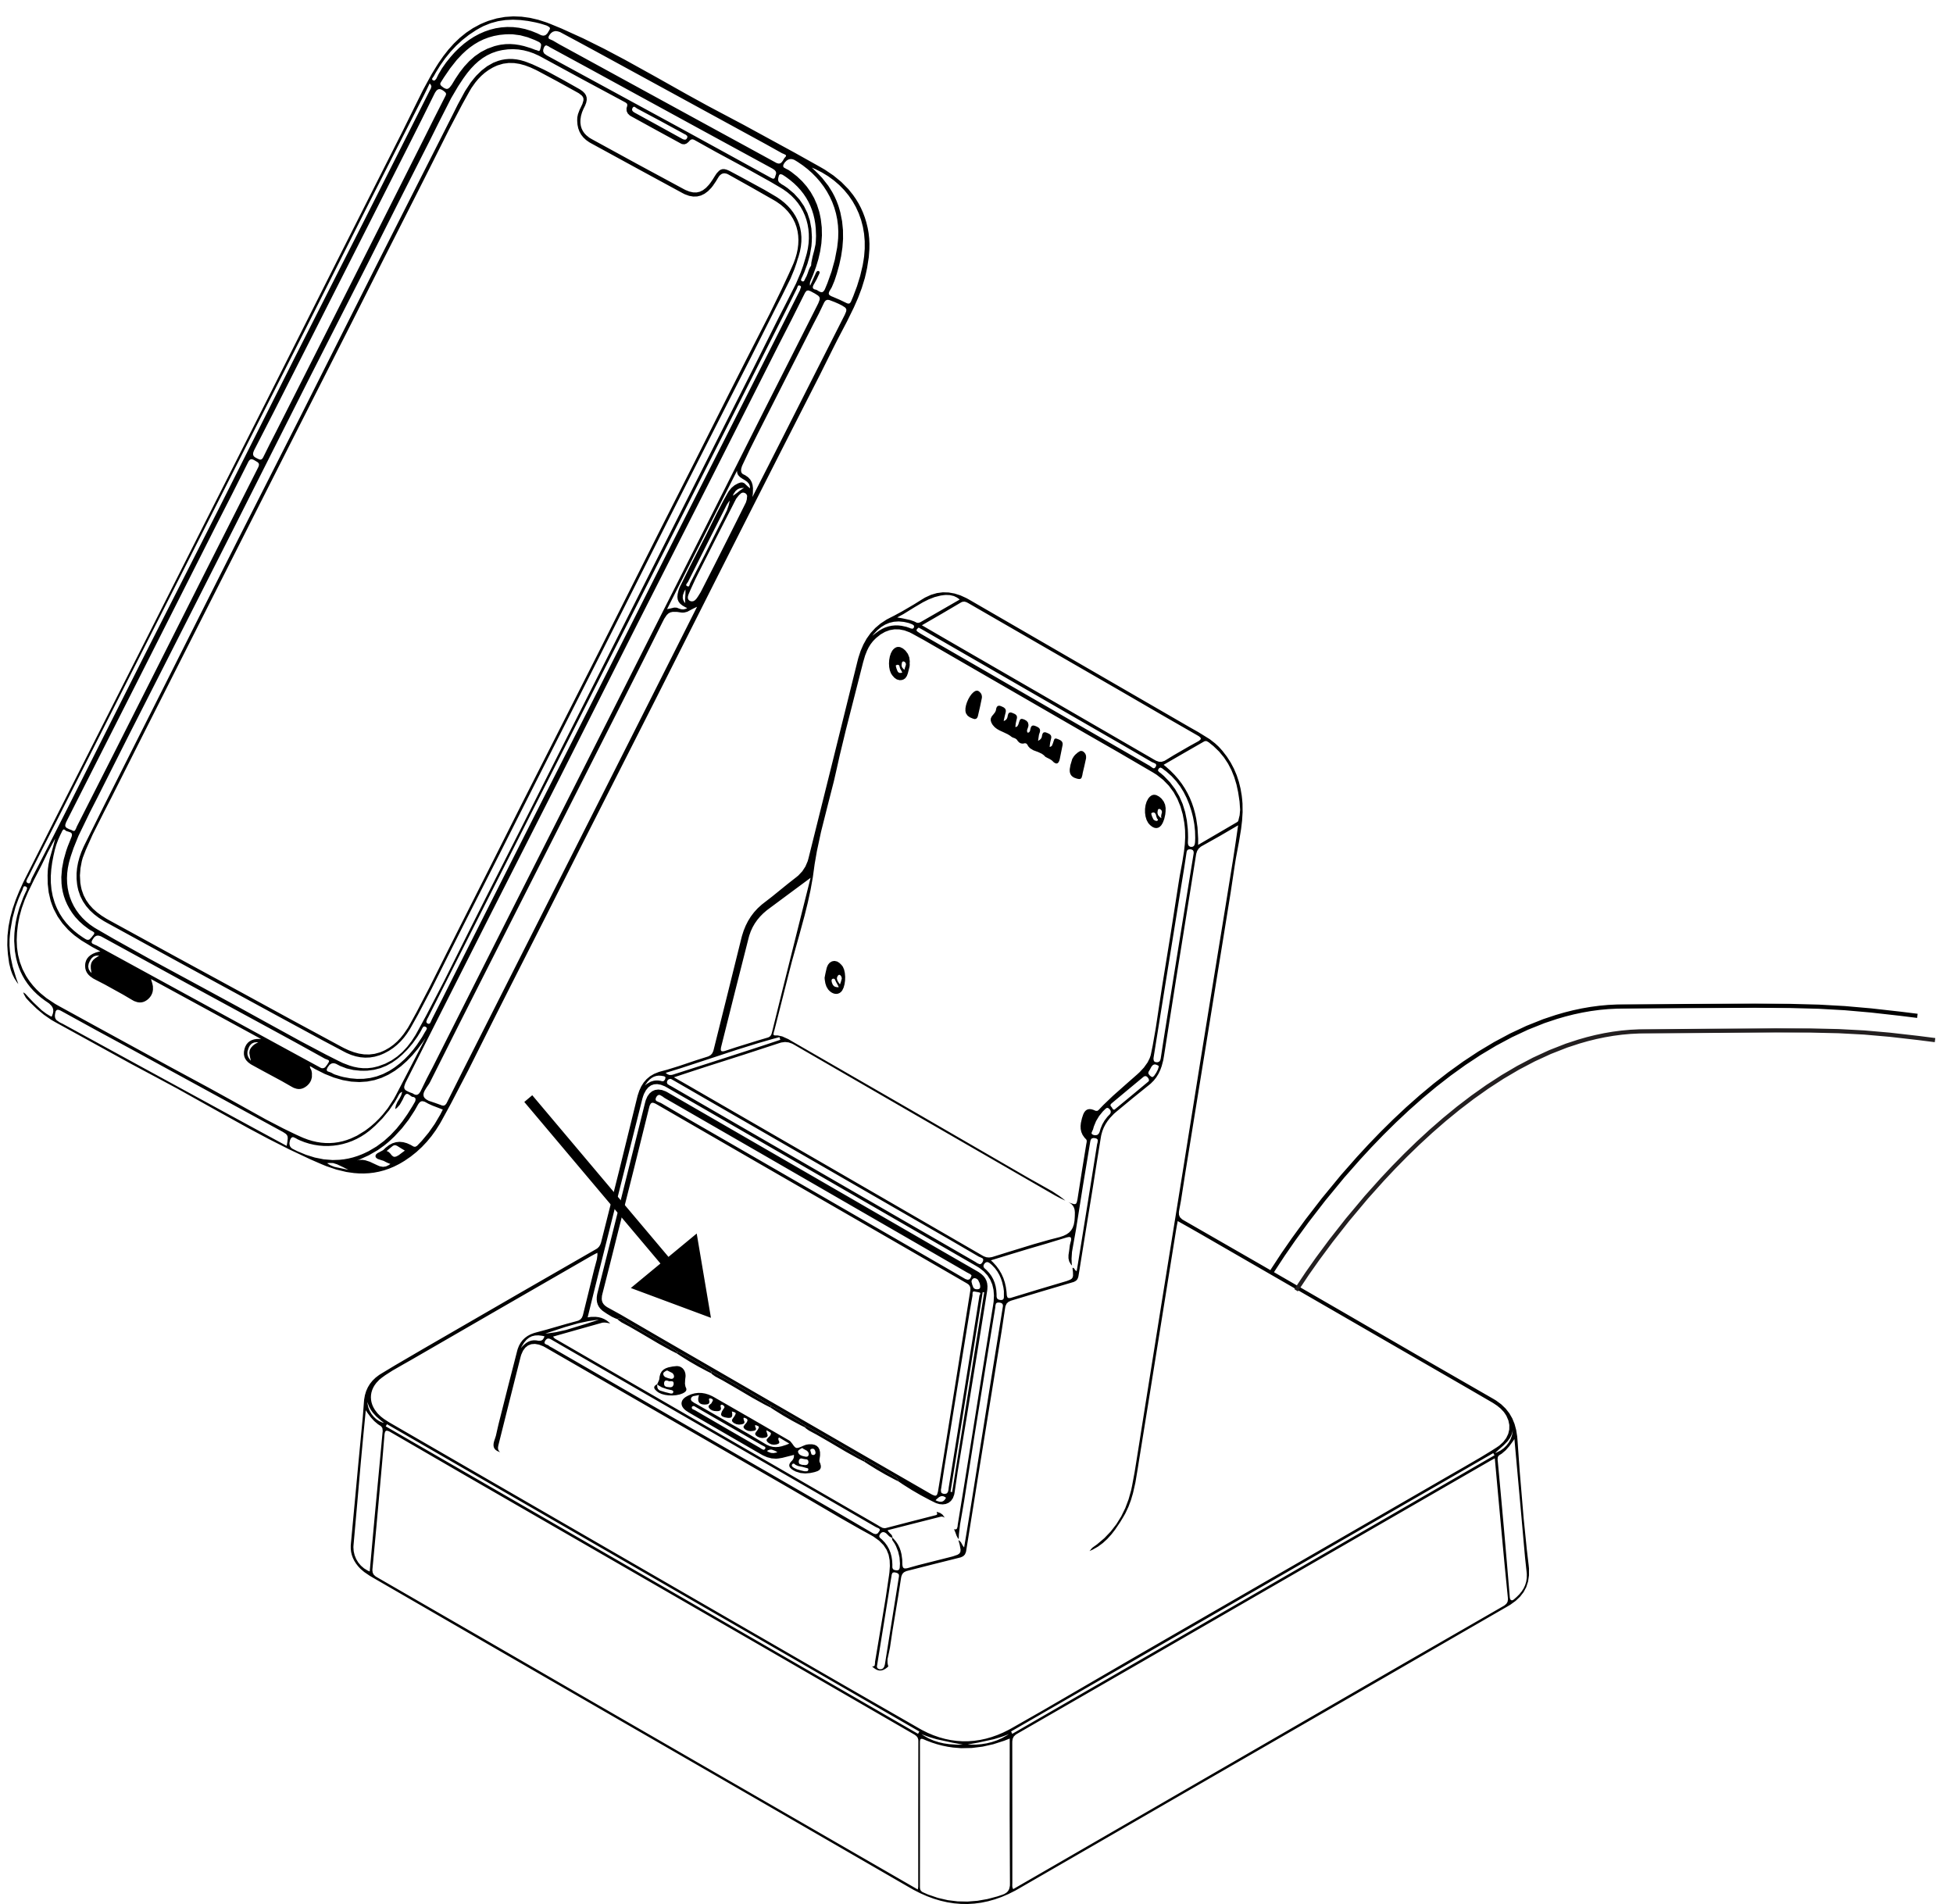

4. **Position the power cable around the retention loop, rotate the cable retention clip to the right, and lock in the power cable. Rotate the Dock back and place it in your desired location. Plug the power supply into an electrical outlet.**

CONNECT PHONE CASE

5. **Place the phone case onto the dock and verify that the case is charging the iPhone.**
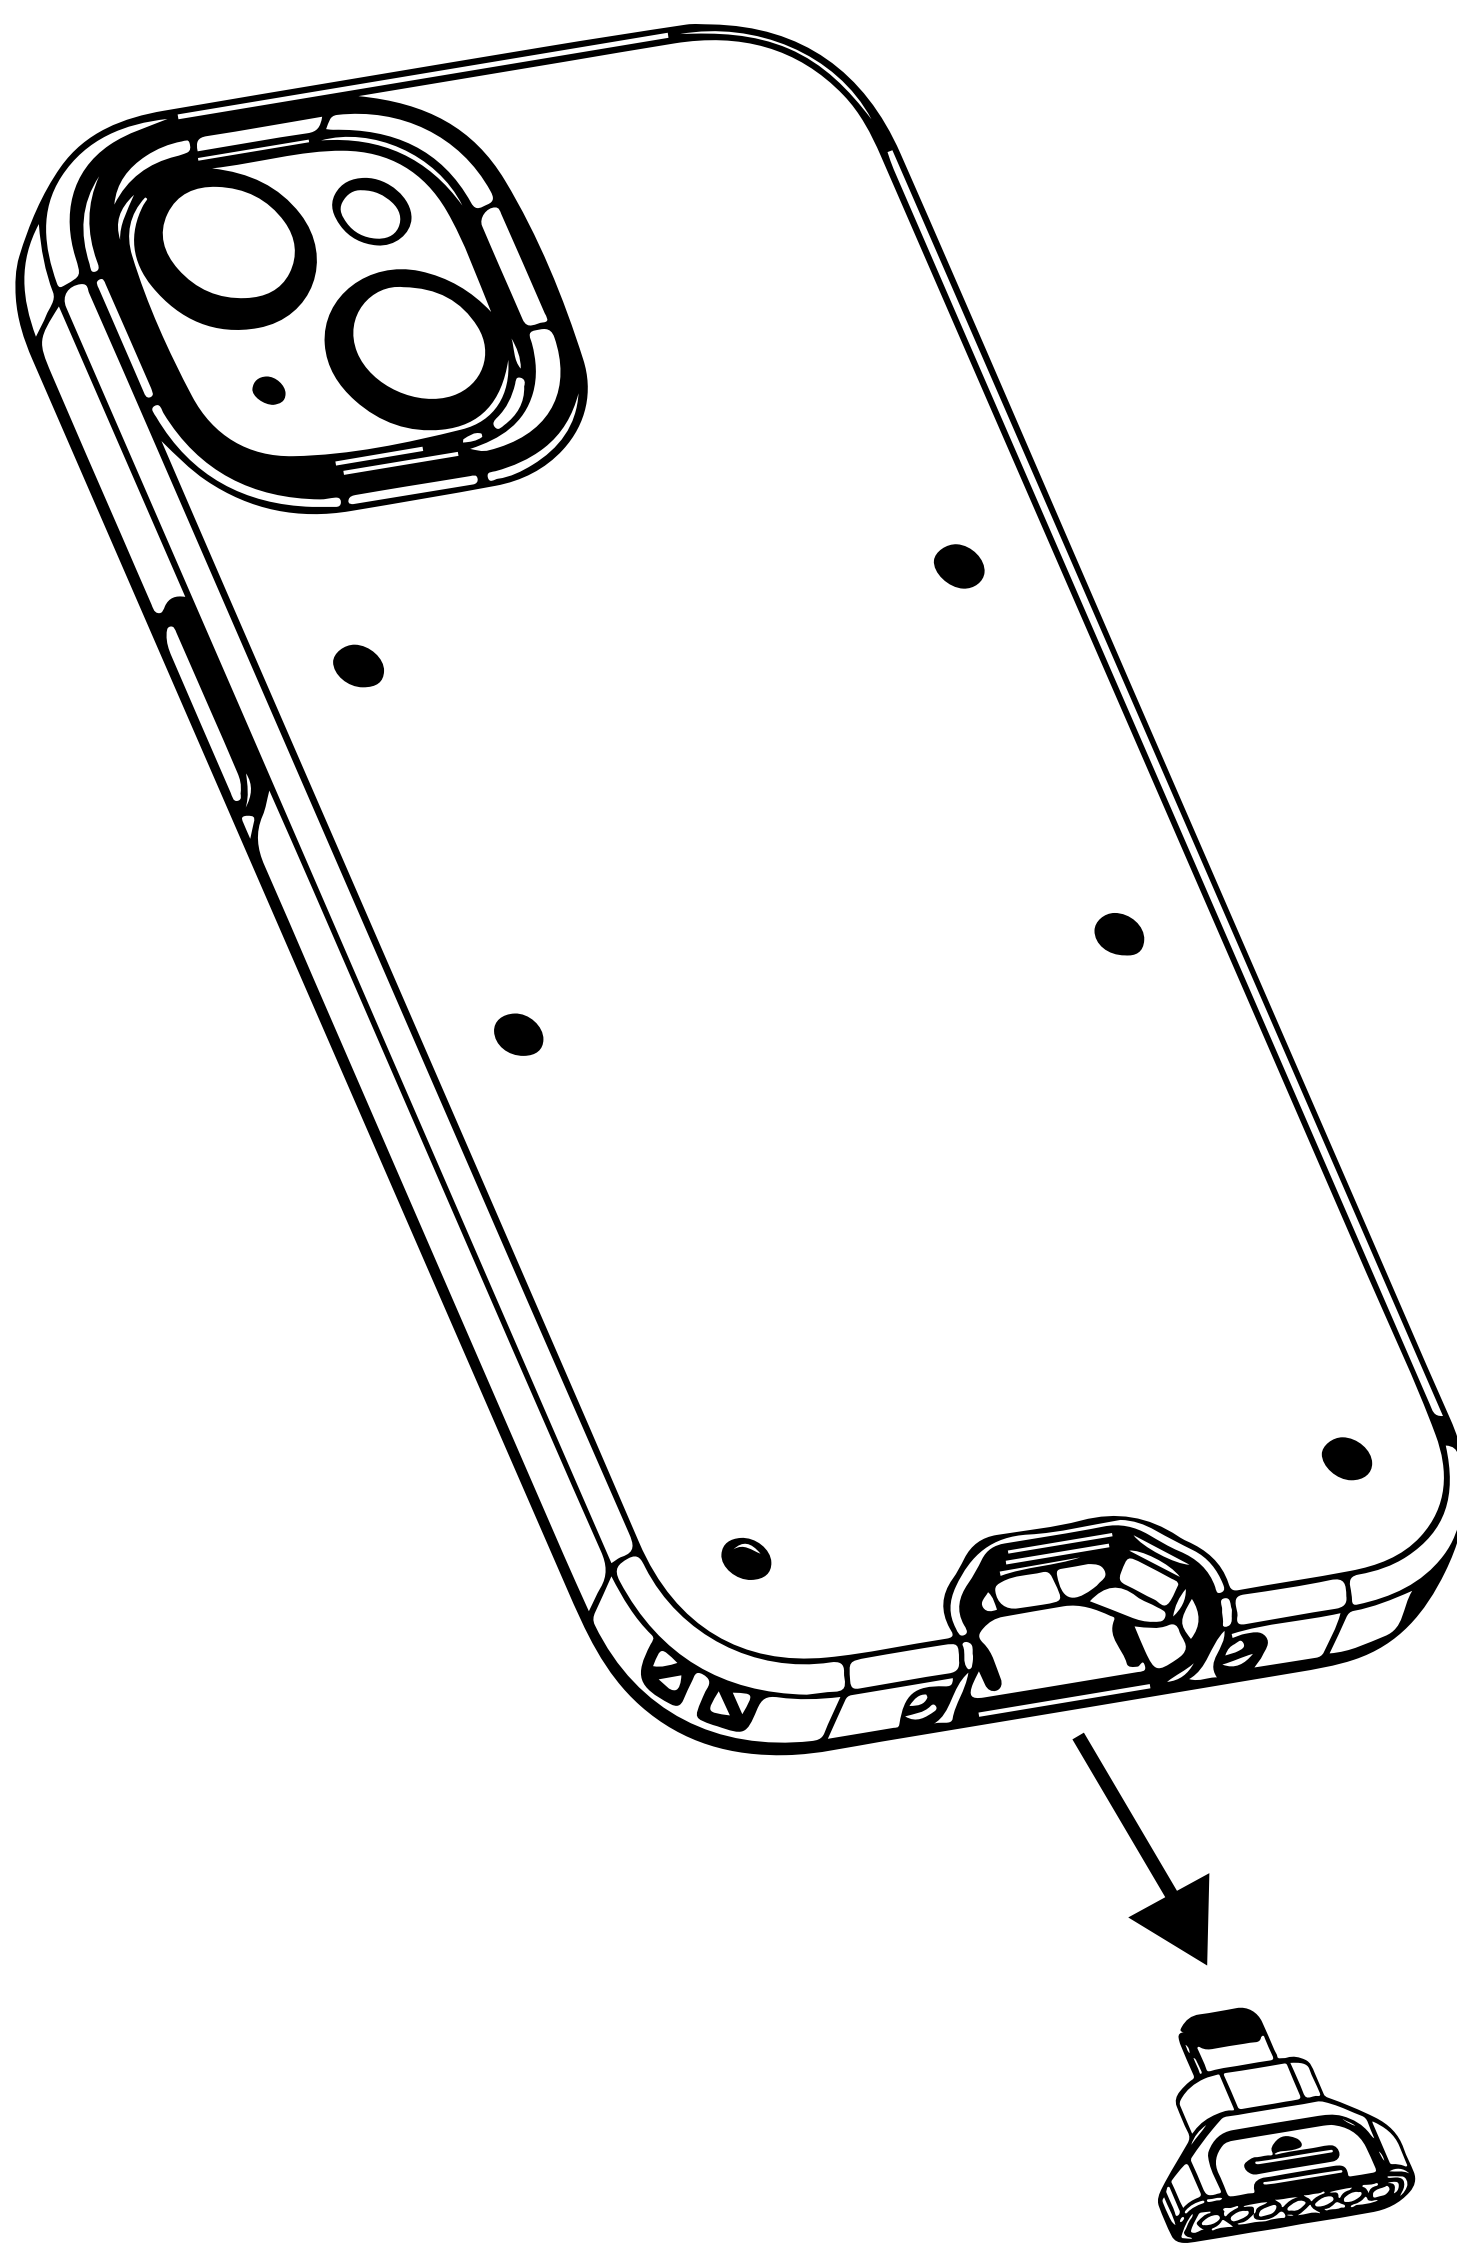

CONNECT PHONE CASE

Removeing the iPhone from the PayCase

1. **To uninstall the iPhone, remove the Lightning Dongle by sliding it out from the bottom of the Case.**

2. Remove the Lightning or USB-C Dongle altogether before removing the iPhone from the Case.

CONNECT PHONE CASE

3. **Press the top of the iPhone from behind the case outward enough to clear the edge, then pull the iPhone up and out of the case.**
