## **Care and use**

For optimal performance and longevity of our canisters, please retain these instructions for future reference. Before their first use, ensure that you hand-wash the canisters only. They are suitable solely for the storage of dry foodstuffs. It is important to note that the canisters are not safe for dishwasher use; instead, clean them using warm, soapy water with a mild detergent and a soft cloth. Avoid leaving the canisters to soak, as this may affect their integrity.
