

SPEEDKNIT™ M-PACT® S85CJ06

COATED-KNIT WORK GLOVES

SpeedKnit™ M-Pact® S85CJ06 gloves protect hands working with energized equipment in environments where the risk of fire, arc flash, and cut hazards are present. Comfortable 13-gauge aramid blended machine knit shell conforms to your hands with anatomically designed flame-resistant TPR to protect your knuckles, metacarpals, and fingers from common impact and pinching injuries and meets the ANSI 138 level 2 impact standard. The S85CJ06 gloves are constructed with a blend of aramid fibers to protect hands with EN 407 Level 4 Limited Flame Spread and Level 2 Arc Flash as well as providing ANSI A5 level cut resistance. The palm side features a sandy neoprene and nitrile coating providing durable abrasion resistance and excellent gripping power in wet and oily conditions.

FEATURES

- 1 13-gauge aramid blended shell provides EN 407 Level 4 Limited Flame Spread and Level 2 Arc Flash protection.
- 2 Anatomical designed flame-resistant TPR knuckle protection meets ANSI 138 Level 2 impact standard
- 3 ANSI A5 cut resistant knit shell.
- 4 Sandy neoprene and nitrile coated palm provides durable gripping in wet and oily conditions.
- 5 Comfortable compression cuffs provide a secure fit.
