INSTALLATION

Grout Joint Recommendation	Shade Variation
<p>Mosaics: 1/8"</p> <p>CT59, CT60, CT61: No grout-joint required</p>	<p> Random Variation</p>

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmations should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.2 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: marazzitile.com/Factors

Use of a White latex modified thin-set is recommended for installation.

Random visuals enhance the natural beauty of this product. To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

For additional application and technical information, refer to the Stone Usage Guide at marazzitile.com/sug.
