

SONANCE

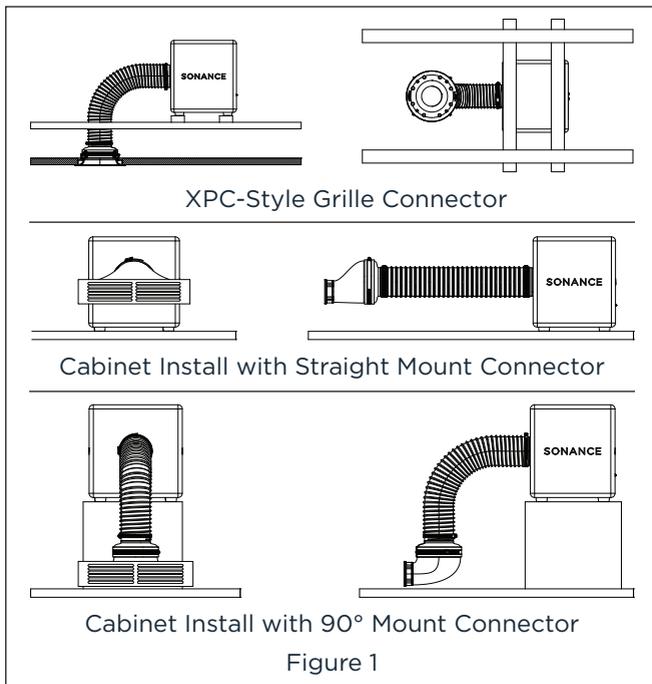

PPX POWERPIPE SUBWOOFER QUICKSTART GUIDE

BOX CONTENTS

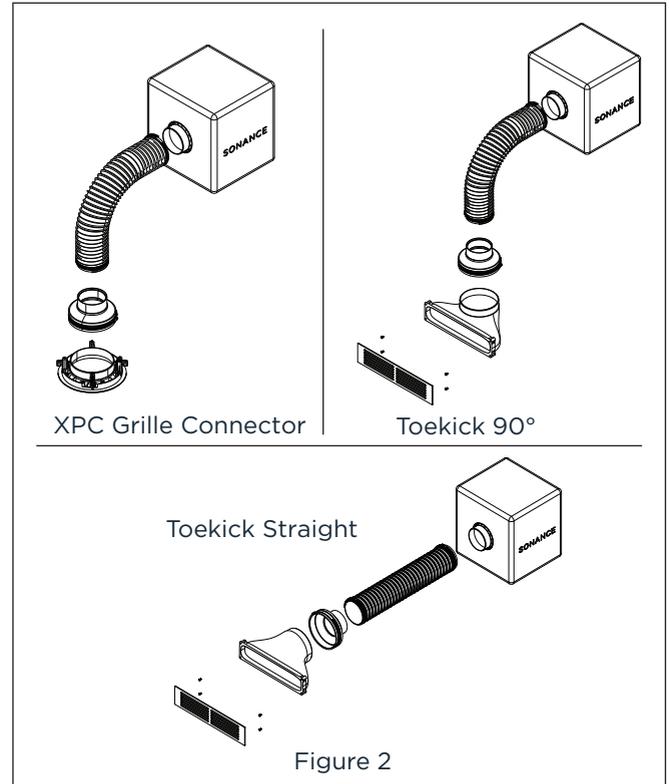

- Quickstart Guide
- PowerPipe PPX Subwoofer
- PPX Pipe Hose with Plastic Shipping Caps

INSTALLATION

1. Determine subwoofer location. Plan for enough space to accommodate the subwoofer cabinet.
 2. Select the appropriate finish and installation accessories (see Figure 1). These installation accessories are specific to the desired placement and finish. PPX PowerPipe subwoofer accessories are sold separately. Please contact your authorized Sonance dealer to purchase.
- In-ceiling applications with XPC-style grille
 - Cabinet applications with straight mount connector
 - Cabinet applications with 90° mount connector

3. Scan QR Code for next steps and full installation details.
