

RWG13B

NYLON SHELL WITH
FOAM NITRILE PALM DIP

The RWG13B is a breathable work glove with excellent grip and dexterity. Its 15-gauge nylon/spandex shell and foam nitrile palm dip make this glove usable even in oily or wet conditions. The slip-on elastic cuff allows for easy on and off enhancing comfort and minimizing hand fatigue. This glove meets EN388-2016 standards with a rating of 4131X and ANSI/ISEA 105-2016 Abrasion Level 4, as well as Puncture Level 2.

Durable nylon and spandex shell

Foam nitrile palm dip
