Volga Wall Light By WAC Lighting

Description

The Volga Wall Light features a geometric silhouette rich with clean, straight lines for minimalist, modern expression. The rectangular fabric shade creates a contrast of color and texture with the sleek, black aluminum backplate. An integrated LED light source is housed within the shade, which is capped by an etched acrylic diffuser to reduce glare and hotspots. Dimmable 100% to 5% with ELV dimmers. Note: Fixture will be preset at selected color temperature but can be toggled between 2700K, 3000K, or 3500K prior to installation via a CCT-select switch in the canopy.

Specifications

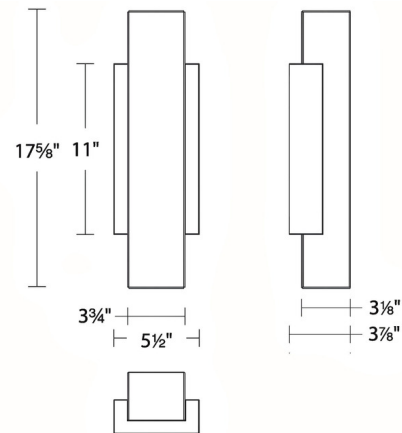

COLOR Natural
 BODY FINISH Black
 WATTAGE 19W
 DIMMER Low Voltage Electronic
 DIMENSIONS 5.5"W x 17.63"H x 3.88"D
