

## SHOWERCAST PLUS PORCELAIN ENAMEL 60" x 32" X 4" SHOWER BASE (SQUARE DRAIN)

- 010-1102 SLIP-RESISTANT – RH SQUARE DRAIN
- 010-1103 SLIP-RESISTANT – LH SQUARE DRAIN

### *DESCRIPTION:*

ShowercAST Plus is a 60" x 32" x 4" porcelain enamel steel shower base 2" wider than the standard ShowerCAST, designed for new installations and remodel applications where an easy-access shower solution with roomier width is desired. Bootz ShowerCAST Plus is a step above plastic/composite competitors, inviting quality upgrades to residential, hospitality and commercial (hotel, motel and multi-housing) applications. ShowerCAST Plus is constructed of one-piece heavy gauge seamless steel with an acid-resistant, high gloss, sanitary, and stain-resistant porcelain enamel finish. ShowerCAST Plus has the same length as a typical industry-standard 5' bathtub, is a roomier 2" wider, shares a similar drain-hole location (for easier remodel plumbing), weighs only 50 lbs., and is very easy to install - "just set it and level it". The full length support pad provides added strength for better durability, flat base for ease of installation, and noise absorbing capabilities for a luxurious peaceful shower. This product is compatible or complies with ASME A112.19.1/CSA B45.2 (Standard for Enameled Steel Plumbing Fixtures), ADA (American Disabilities Act), ASTM F 462 (Safety Specification for Slip Resistant Bathing Facilities), WW-P 541 (U.S. Military Federal Specification), HUD-FHA-VA, LEED, and the Buy American Act, as applicable when installed accordingly. Available in white with a right or left hand drain. Square drain models include drain kit in your choice of finish. Made in the USA.

Weight: 50 lbs
