

LEVEL UP YOUR WORK. ANY TERRAIN. ANY TASK.

When the ground's uneven and the job won't wait, the Velocity™ with Levelers steps up.

TAKE ON UNEVEN TERRAIN

THE ORIGINAL MULTI-POSITION LADDER

Little Giant® Ladders didn't just perfect the multi-position ladder—we invented it.

SCAN TO SEE IT IN ACTION!

TAKE ON UNEVEN TERRAIN

Uneven ground? No problem. The Ratcheting™ Leg Levelers adjust in seconds, giving you over 7" of leveling power for a steady, secure setup—wherever the job takes you.

ROLL WITHOUT THE STRAIN

Tip & Glide™ wheels take the weight off, speeding up transport and cutting down fatigue. Your energy belongs on the job, not getting there.

TWO CAN CLIMB. BOTH CAN WORK.

Both sides are rated to 300 lbs—built strong so two people can be on the ladder at the same time in A-frame position.

SET UP IN SECONDS

Quickly adjust the ladder's height and shape using the patented Rock Locks™ and Palm Buttons for fast, secure positioning.

SCAFFOLD-READY

Convert the Velocity™ into a trestle-and-plank system for a wider, faster workspace, using compatible accessories. Accessories sold separately.
