MULTIPURPOSE HAND PROTECTION

Whether it's military, law enforcement, or flight deck operations, the Tactical Specialty Leather Utility glove is as adaptable to any situation or environment as you are. Full length Durahide™ boar leather shell is long lasting and protects from extreme abrasions. Featuring top grain goat leather on the fingertips infused with Durahide™ Leather Technology adding an hourglass roll over fingertip construction to eliminate material overlap. With Kevlar construction thread securing stress points throughout and dual palm-side strip of internally sewn elastic enhances a secure fit while providing comfort and flexibility, this glove is the very definition of all-purpose.

FEATURES

- 1 Durahide™ Leather Technology infused Boar shell provides extreme abrasion resistance.
- 2 Kevlar® construction thread secures stress points throughout the entire glove.
- 3 Hourglass roll-over fingertip construction eliminates material overlap and vulnerable seams.
- 4 Extended cuff length provides added protection.
- 5 Pinched fingertip construction improves strength and durability
- 6 2 strips of internally sewn 8mm elastic provide enhanced flexibility and a secure fit
- 7 Pull tab design offers convenient and secure storage with a carabiner clip
