RPET/PET Deli Containers

Crystal-clear product visibility and dependable performance for cold applications. Made with durable PET or recycled-content RPET, they help maintain freshness while enhancing presentation for grab-and-go, deli, bakery, and produce.

Polyethylene Terephthalate (PET & RPET)

EarthChoice® Hinged

Performance Features

- Made from a minimum of 25% post-consumer recycled (PCR) content
- Excellent clarity
- Containers are recyclable — check locally, may not be recyclable in your area

Polypropylene (PP) Deli Containers

Durable and versatile, polypropylene deli containers are designed to maintain food quality and presentation. Microwave-safe and ideal for both hot and cold foods, these containers deliver reliable performance for takeout, meal prep, food storage, and grab-and-go packaging.

Newspring™ DELtainer®

Performance Features

- Made of strong and durable heavy-gauge polypropylene
- The tight-fit perimeter seal provides exceptional leak resistance
- Microwave safe; ensure the lid is loosened to permit steam ventilation
- Convenient combo pack option includes base and lid
- Clear containers are recyclable — check locally, may not be recyclable in your area

Paperboard Deli Containers

Our paperboard deli container line offers both standard and compostable* options to meet a variety of foodservice and sustainability needs. Designed for takeout, delivery, and grab-and-go foods, these containers provide reliable performance, attractive presentation, and convenient portability.

*Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

Paperboard

Performance Features

- Polyethylene-coated paperboard resists grease and liquid soak-through
- Designed for hot and cold foods, from deli items to ice cream
- Choose combo packs or bulk lids and bases for easy storage, less waste, and leak-resistant carryout
