

SENIOR CONSULT STAGE 2

Available in
100g pouch

- Formulated for cats with obvious signs of ageing. Contains an antioxidant complex (vitamin C, vitamin E, lutein, taurine) and lycopene to help balance oxidative stress. Helps maintain kidney function with a low phosphorus content. Helps maintain cats' mobility with nutrients such as EPA / DHA. Provides selected proteins with branched chain amino acids (for ageing muscle mass). Adapted L-tryptophan ratio.

- Ageing cats may have increased energy requirements and decreased fat assimilation capacity. A high fat content facilitates a higher energy intake. High caloric density also allows a reduction in meal volume and a reduced intestinal load.

COMPOSITION

Pork and chicken meats, pork and chicken livers, wheat flour, cellulose, wheat gluten, minerals, sunflower oil, fish oil, tomato powder (source of lycopene), lecithin, egg white dried, taurine, gelling agents, yeast hydrolysate, (source of Mannan-Oligo-Saccharides), marigold meal (source of lutein), L-carantine, hydrolysed crustacean (source of glucosamin), hydrolysed cartilage (source of chondroitin), vitamins.

Additives (kg) * *

Nutritional additives:

Vitamin D3: 390IU, E1 (Iron): 3.8mg, E2 (Iodine): 0.1mg, E4 (Copper): 0.7mg, E5 (Manganese): 1.2mg, E6 (Zinc): 11.5mg.

KEY VALUES

	per 100 g as fed	100 g dry matter
Protein	8.5g	38.6g
Fat content	5g	22.7g
Carbohydrate	5.4g	24.5g
NFE	5.9g	26.8g
Dietary fibre	2g	9.1g
Crude fibre	1.5g	6.8g
Omega 6	1.1g	5g
Omega 3	0.23g	1g
EPA+DHA	0.15g	0.7g
Calcium	0.18g	0.8g
Phosphorus	0.14g	0.6g
Sodium	0.1g	0.5g
Potassium	0.16g	0.7g
Vitamin D3	35IU	159.1IU
Metabolisable energy*	96kcal	436.4kcal

*Calculated according to NRC2006

****NOTE:** Values reflect only levels added to the formula, not those naturally occurring in components of the diet. For total levels in the diet, refer to the Average Analysis pages

FURTHER INFORMATION

An adapted texture

- Smaller chunks allow for better absorption of liquid 'gravy' for a more balanced intake and consumption of the complete diet
- This format improves palatability and also facilitates easy prehension and chewing
