

Novus CLU Plus X3

CLU Plus Heavy-Duty Triple Monitor Arm

The Novus CLU Plus X3 enhances ergonomic comfort by elevating three monitors for perfectly aligned viewing. It features an adjustable crossbar for ideal screen alignment and angle, a space-saving design that tucks behind the monitors, and smooth heavy-duty gas spring for precise adjustments. This monitor arm is German engineered for durability and includes a CLU Plus 3-in-1 mount with edge clamp, drill screw, and grommet mounting options.

Features | Benefits

- Enhances physical comfort and improves ergonomics with custom-fit adjustability
- Provides more space by elevating three monitors above the work surface
- Smooth joint movement for easily changing distance, angle, and monitor orientation
