

DynaGo™ Advantage Rollator

DME Care Solutions DynaGo Advantage Rollators feature a durable steel frame and ergonomic design to accommodate a range of mobility needs. This reliable rollator offers comfort, maneuverability, and affordability for everyday use in a variety of care settings — including hospitals, long-term care, and home care.

- Durable steel frame provides dependable mobility support
- Ergonomic handles adjust arm height from 30.60" to 36.70" for customized comfort
- Non-marking 6-inch wheels offer smoother navigation across different surfaces
- Tool-free, removable padded backrest adds convenience and comfort
- Padded seat flips up to under-seat pouch for convenient personal storage
- Easily folds for convenient transport and storage
