DAPHNE

Story has always been important to us. It is what has driven us from the very beginning and it is what continues to inspire us today. Our story begins with porcelain tiles, surfaces that are both technically excellent and beautifully satisfying to the eye. Daphne is a testament to our commitment to creating products that are both functional and aesthetic.

The Daphne collection from VITL is a striking visual statement, emulating the beauty, depth and movement of natural stone. The collection adds a touch of luxury to your home or business that is reminiscent of Italian Villas and Old World Palaces. The collection is available in three versatile colors, and modular sizes along with mosaic and trim pieces to complete the look. So take a walk on the wild side and explore the possibilities today.

Country of Origin	USA	USA
Shade Variation Code	v3	v3

Material

Porcelain

PORCELAIN CARE & MAINTENANCE

INITIAL CLEANING

Proper cleaning after installation is essential for future maintenance. Remove excess grout using clean water and a sponge. If grout leaves behind a white haze, it can be wiped off using a clean cloth after grout has cured. Stubborn residue may require the use of a grout haze remover solution or neutral detergent. Thoroughly rinse the area with clean water and dry with a clean towel or wet vacuum.

ROUTINE MAINTENANCE

Immediately wipe up any spills and clean the area using a damp cloth or sponge. Remove loose soil using a broom or vacuum. To remove stubborn surface debris, use a scraper or putty knife. Wipe the area with a PH-neutral and soapless cleaner. Rinse with clear water and wipe dry to prevent residue. Do not use cleaning wax, oil-based cleaners, ammonia, sealants, or products containing acid or bleach for routine maintenance. Avoid using abrasive cleaning products such as steel wool.

WHEN IT MUST BE GREAT.

WHEN IT MUST BE READY.

WHEN IT MUST BE EXTRAORDINARY.

WHEN IT MATTERS MOST.
